## Suspended Ceiling System...

a versatile way to solve problems

White enamel finished metal framing components push and lock together securely and are easily hung from the existing ceiling or joists. 2' x 4' panels lay in the completed grid openings. With unexpected ease, a suspended ceiling can beautify your room by effectively hiding wiring, plumbing and other protrusions from sight. Yet these utilities will remain readily accessible for inspection or repair. In older homes a suspended ceiling system is the ideal method of lowering difficult to maintain high ceilings.
