Robt. Little playground

There will be a summer playground at Robert Little school this summer.

Playground supervisor Rick Rocher explained that when the playgrounds were first planned for this season, there was just one in Acton, located at M. Z. Bennett school. In past summers, there was a playground at Prospect Park to serve the children in that area. However, this year, there is a day camp, which is a different concept, leaving either no playground, or a long walk across town for the youngsters.

Mr. Rocher said he sent a letter out to all parents of children in Robert Little school asking them if they would support a playground at that school. So far, Mr. Rocher says, there have been 30 registrations and he expects several more on the first day of the playground, which is July 4.
