

An old time horse auction

by Jennifer Barr

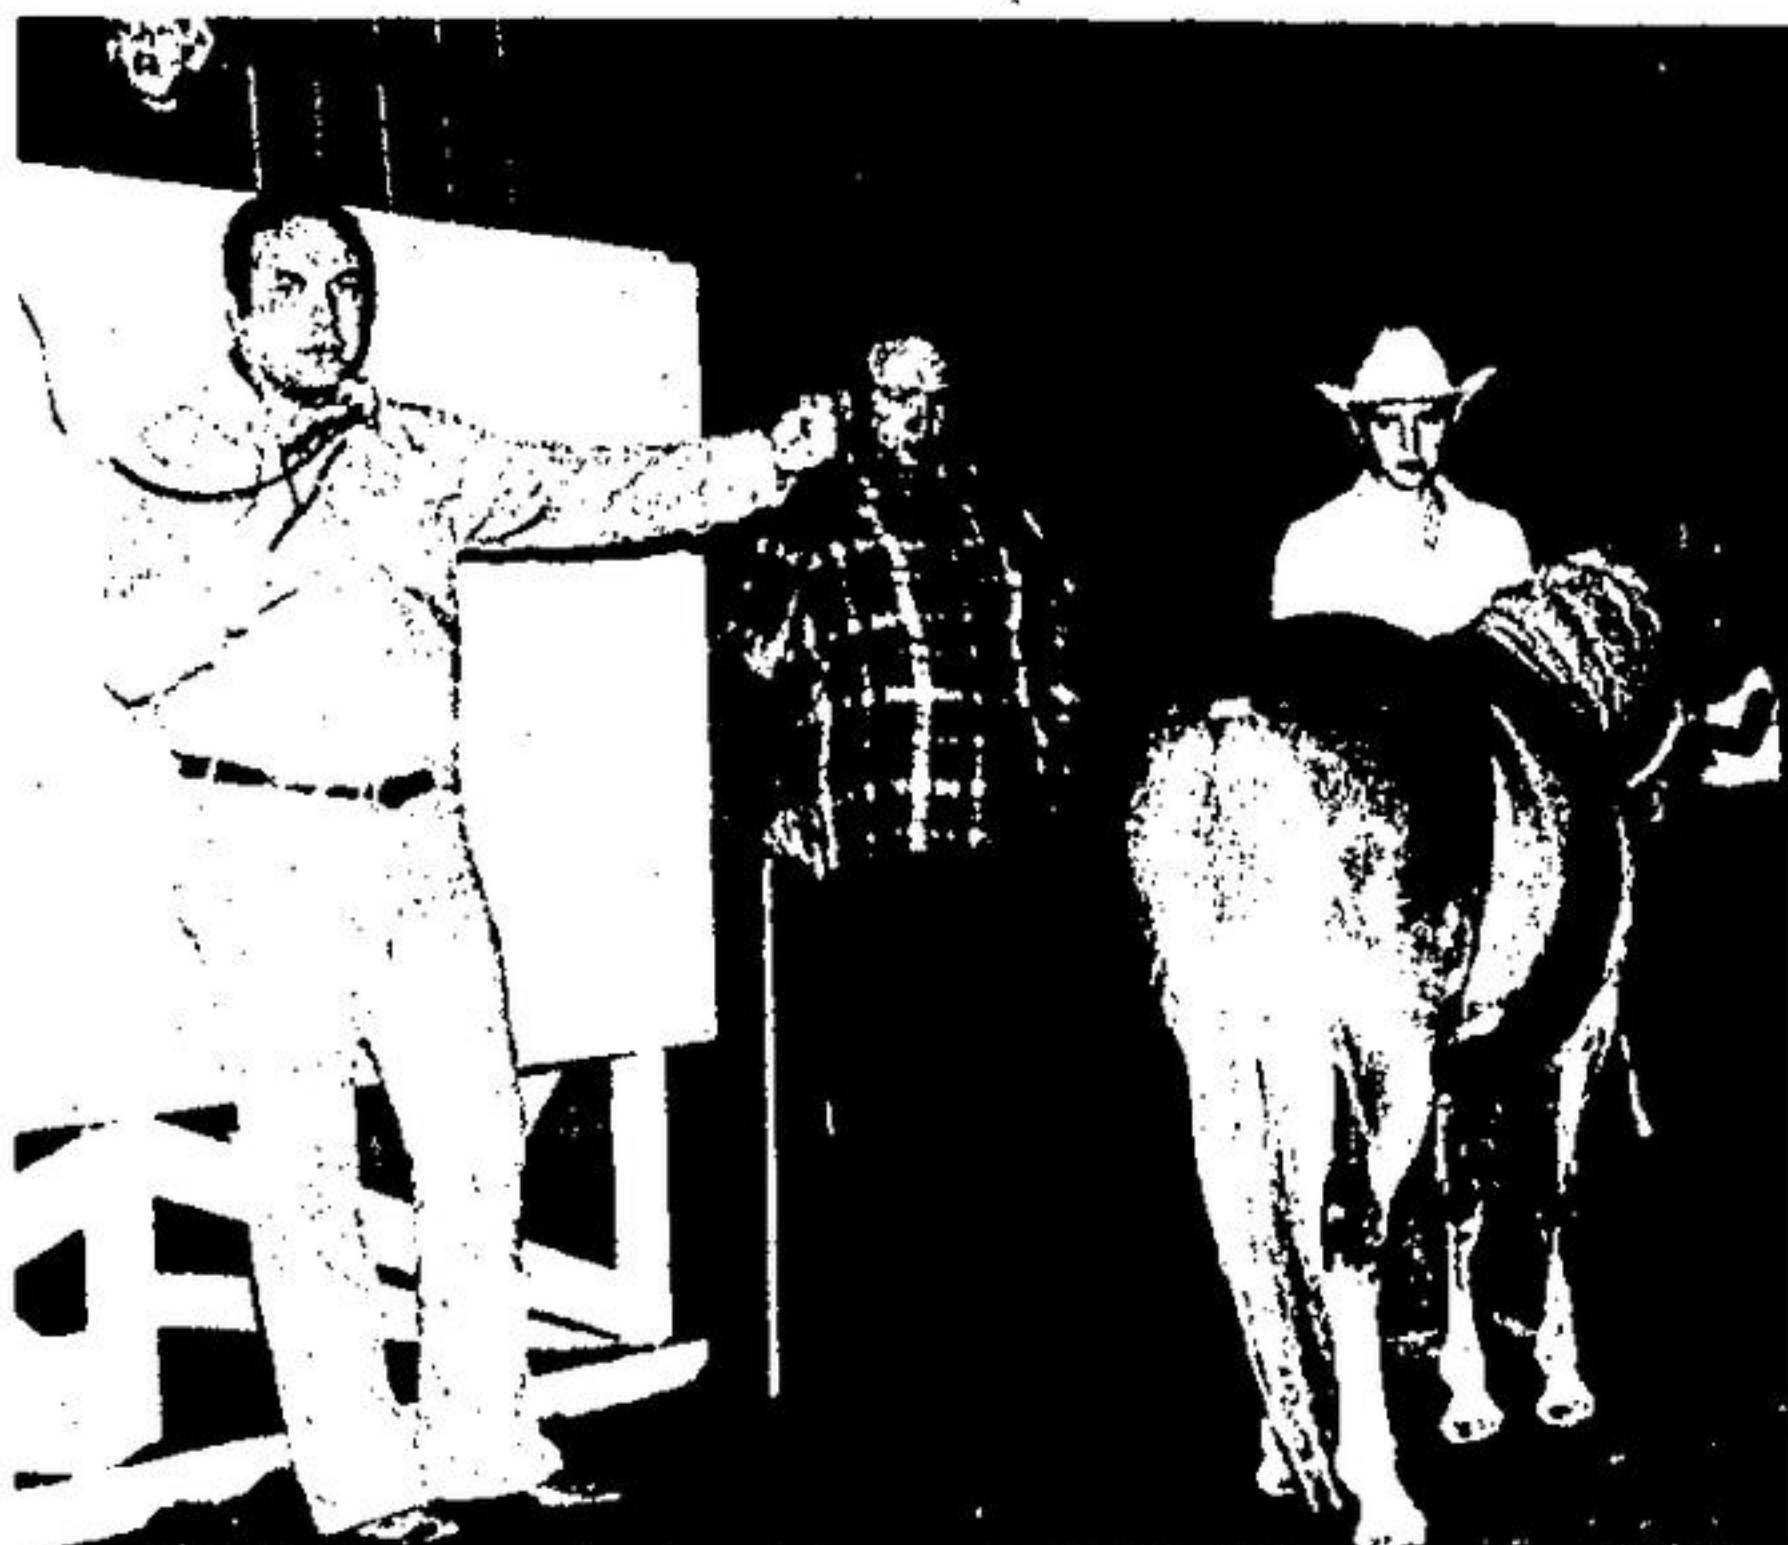

Horse auctions a thing of the past? The days of the auctioneer striking down a nag to Farmer Jones long gone?

Not when Roy Inson is around. Roy and his wife Joan held a successful horse auction and consignment sale at their R.R. 3, Georgetown farm on 17th Sideroad recently. Not only horses but tack, equipment, and even trailers were sold.

But the horses were the stars of the night. Not the broken down nags often seen at sale yards but fiery stallions and well schooled Quarter horses showing off their paces.

Fun of the evening was geared by auctioneer Bob Sayers of Milton an ex-rodeo star who's been everything from a bulldogger to calf roper at the Calgary Stampede; and host Roy Inson whose lively comment and informal attitude made the event seem more like a party.

Many horses changed hands, neighbors visited with friends, and "a good time had by all".

EVEN THIS HORSE'S back view is a winner, comments Roy Inson at his horse auction Friday. Many people turned up at the 17th Sideroad farm to buy equipment, horses, trailers, and have a visit.

"TOUCH AND GO" gets a last farewell from his little mistresses Michelle, Allison and Katie Amos of R.R. 3, Georgetown as he gets ready to enter the sale ring at the Inson horse auction. Mother Allison looks on.

Tennis bubble on Oakville

A plastic tennis bubble was endorsed by Oakville's council here, but where it will rise is still up in the air. Council's general committee endorsed the idea, but sites other than Navy flats are to be considered.

The proposal came from Tennis Bubbles Village. For \$250,000 the proposal calls for a clubhouse and an additional court on the flats.

Three new courts would also be built next to Maple Grove Arena. Assuming Wintario and community grants are forthcoming, the town pays \$33,000 of the total, and Tennis Bubbles \$89,500.

Fitness is fun. Try some.

Recreation news

With the high demand placed upon the use of facilities within the community by different organizations, the time is fast approaching when the Department must give preferential treatment to registered groups as it relates to the booking of community facilities and schools. The qualifications the group must meet in order to qualify as a registered group with the Recreation Parks Department are as follows:

The membership of the group must be open to all citizens within the Town of Halton Hills, or in the same cases within a certain geographical area within the town. Membership may be limited to a certain number; however, this membership should be filled on a first come, first serve basis. Allstar or representative groups are exempted from this; however, the skill of the individual must be a determining factor in obtaining membership or making a team.

The group must have its constitution, by-laws or rules and regulations of the group approved by the Town. The purpose of this is to ensure that the group is operating for the benefit of the individuals within the organization. Any changes in the constitution, by-laws or rules and regulations will be filed with the Recreation Department.

The group will submit an audited financial statement with the Town at the end of

each financial year. The group will file with the Recreation Department the names, addresses and phone numbers of its executive members and will keep the list up to date when changes occur.

The group will keep the Recreation Department informed as to its activities and programme throughout the year. Basically, registration with

the department will not only give your group preferential treatment for the use of facilities, but it will also entitle you to reduced rental rates and reduced rates for duplicating at the Town office (36 Main Street, South).

If you have any questions relating to the above, please do not hesitate to contact the Recreation and Parks Department at 877-5185, ext. 19 or 61.

Town report

"useless"
Oakville's Mayor Harry Barrett described the town's report on the parkway belt as a "useless exercise", because Provincial Treasurer Darcy McKeough said he won't look at it.

After consulting lawyers the provincial treasurer decided not to read the town's submission protesting proposed deletions to the parkway belt.

The town made the submission after the parkway belt hearing officers recommended deletion of most of the Oakville-Mississauga parkway belt and large sections of land from the Oakville-Burlington belt.
