Stitch length infinitely variable up to 6 mm. You can sew extra long stitches for topstitching with a professional touch, also excellent for basting.

Colour coded stitch selection, match the colour on the three dials, then you can start to sew.

No need to bring the bobbin thread up by hand. It comes up automatically. Just snip it off on the built-in knife and sew.

The shuttle is 100% jam-proof — even when the machine runs out of fabric. Needle plate snaps off for easy cleaning.

A real low-speed gear for stitch-by-stitch control when doing intricate work. But gives the needle extra piercing power through various thicknesses of fabric, denim and leather.

## Join us for the 2000 Sew Show

You're never seen a sewing machine like the Husqvarna 2000. Just check out the features shown here. Also think about these. A slim free arm for sewing in those awkward places, inside sleeves, pockets. Permanent lubrication. (This machine never needs oiling.)

Drop into Milton Hobbycraft during the Anniversary Sale for a demonstration: 7 p.m. to 9 p.m. Thurs. & Fri. 2 p.m. - 4 p.m. Saturday
