Suspended Ceiling System

... a versatile way to solve problems

With unexpected ease, a suspended ceiling can beautify your basement rec room by effectively hiding wiring, plumbing and other protrusions from sight. Yet, these utilities will remain readily accessible for inspection or repair. In older homes a suspended ceiling system is the ideal method of lowering difficult to maintain high ceilings. Built-in lighting, and sound conditioning are further examples of suspended ceiling versatility. The white enamel framing components lock together quickly and securely. The 2' x 4' panels then lay in the completed grid openings.
