Heat circulating built-in Fireplace

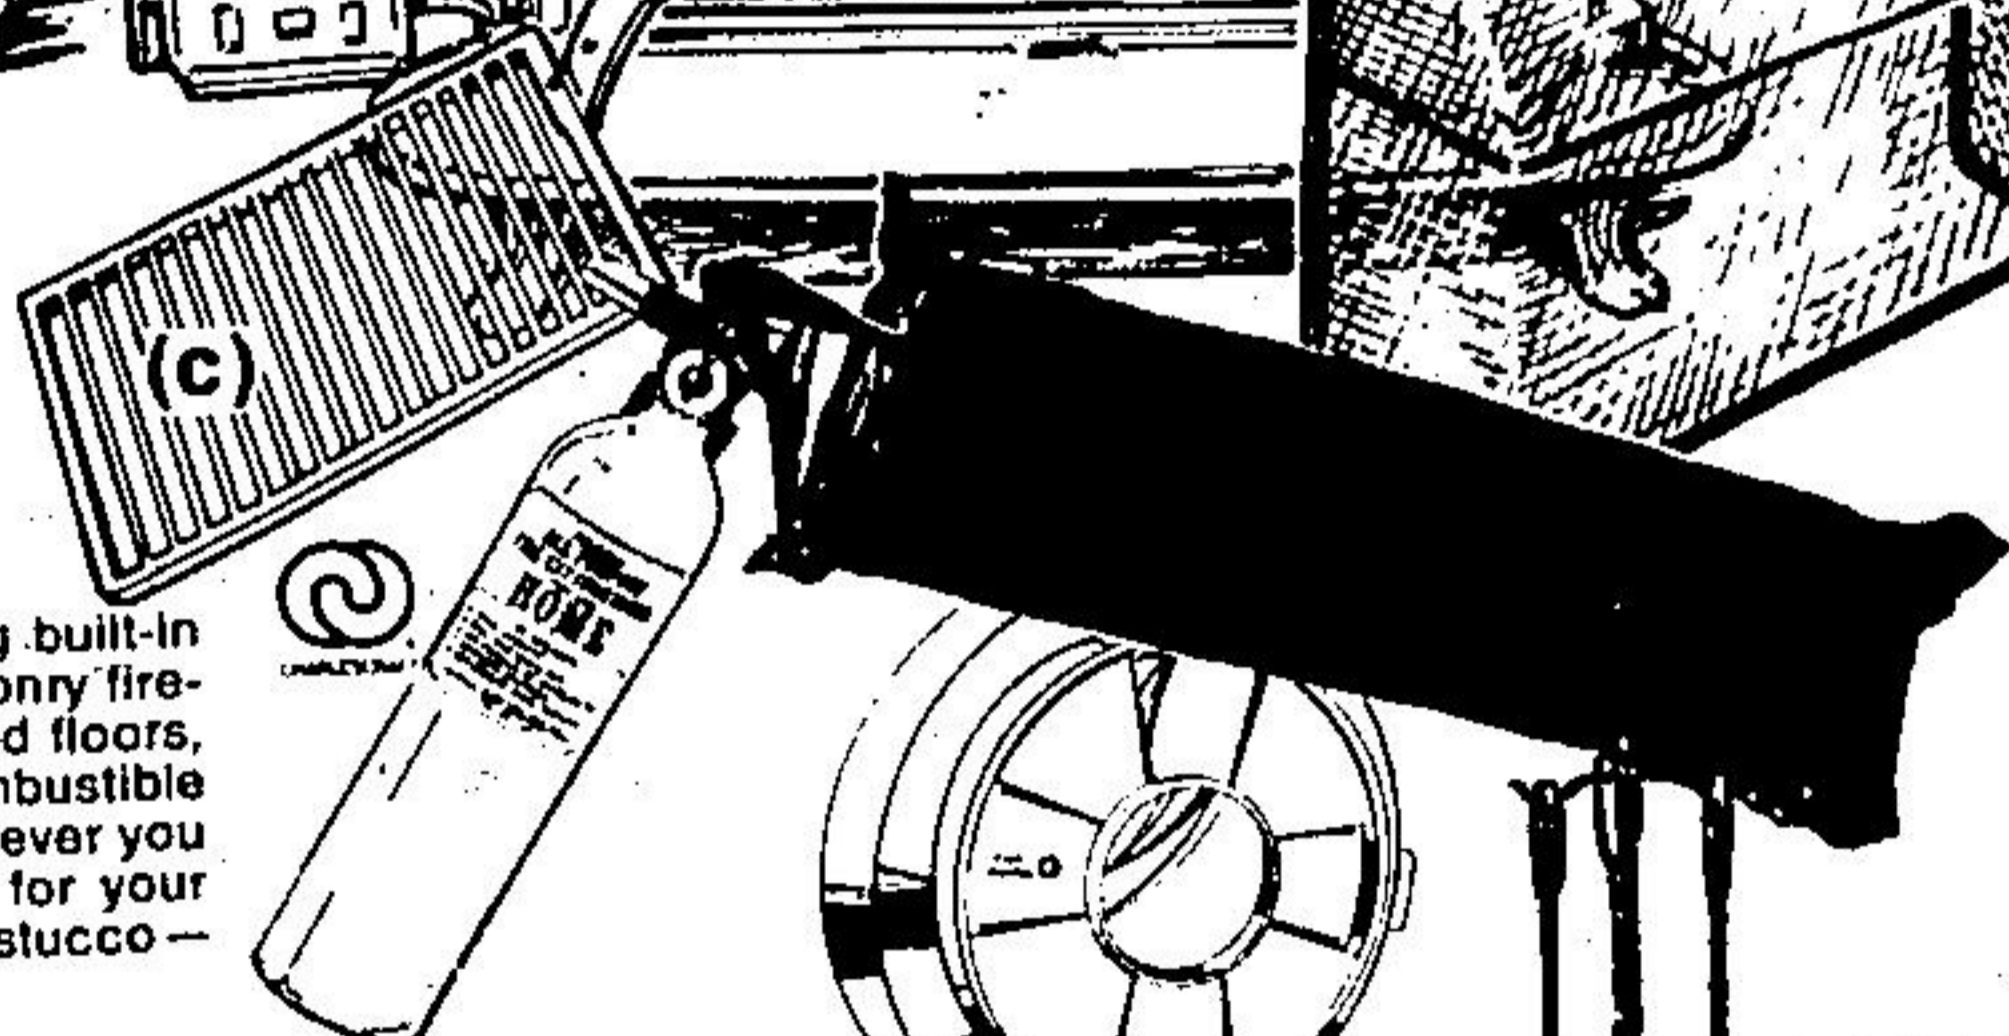

Install-it-yourself... almost anywhere!

Install a real woodburning, heat producing built-in fireplace at less than half the cost of a masonry fireplace. It is easily framed in directly on wood floors, without special supports and next to combustible materials. The facing materials can be whatever you choose to compliment the fashion theme for your home... panelling, artificial brick, stone or stucco — the possibilities are endless.

ON SALE
Front open design 32" wide opening

369⁹⁵ each

Note: Price includes refractory base and firebrick back... durable sidewalls... high temperature insulation... line mesh pre-pleated firescreen and positive seal damper. Grate and insulated chimney system sold separately. Please allow up to 2 weeks delivery for the grate and chimney.

Home Fire Extinguisher

The dry chemical extinguisher that protects against gasoline, cooking oil, solvent, paint, electrical, wood, plastic, rubber or upholstery fires. Refillable unit with gauge has sturdy wall hanger. Decorator white finish.
