This \$17 flannel  
sport shirt is

**12<sup>88</sup>**  
at  
**Jack Fraser today**

and for the next three days. Monday we reticket at \$17, our regular price and good value at that!

The magic of this sport shirt is in the fabric, a tightly woven 65% poly, 35% cotton brushed flannel that is warm, soft and comfortable.

Yet the look is very strong, certainly

authoritative; in bold rich yarn-dyed checks, with blue, brown, green, red and navy tones predominating.

So at 17 dollars, the regular price, it's good value, at 12.88, a 24% saving for the next three days, it's probably the best flannel sport shirt value in town. Come see for yourself.

Co-ordinating the sport shirt is a 100% polyester plain pant available in gabardine or twill design sale priced until Saturday at

Reg. 19.95
