### COMMUNITY RECREATION CONFERENCE

Community involvement is a vital component in the provision of recreation services. Not only does it allow the development of groups and organizations which provide recreation, but it also keeps the Recreation Department informed of the community's changing attitudes and lifestyles and how these reflect the recreation needs of the community.

The Recreation and Parks Department is constantly attempting to realize these needs and for this purpose, a "Community Recreation Conference" has been planned. This can, of course, be of tremendous benefit to the Recreation Department, but what can this do for you?

- it can help you better organize and plan your group's meetings
- it can provide you with an opportunity to share information with other community groups and with the Recreation Department.
- it can give you specific information on what local, provincial, and federal grants are available.
- it can provide you with up-to-date information on the developing Master Plan for Recreation in the Town of Halton Hills.

**WHEN:** Saturday, April 22, 1978.

**TIME:** 9.00 a.m.-5.00 p.m.
