

Install your new ceiling on the family plan. Save time and money.

Suspended Ceiling System ... a versatile way to solve problems.

With unexpected ease, a suspended ceiling can beautify your basement rec room by effectively hiding wiring, plumbing and other protrusions from sight. Yet, these utilities will remain readily accessible for inspection or repair. In older homes a suspended ceiling system is the ideal method of lowering difficult to maintain high ceilings. Built-in lighting, and sound conditioning are further examples of suspended ceiling versatility. The white enamel framing components lock together quickly and securely. The 2' x 4' panels then lay in the completed grid openings.

Norwood Real Wood Ceiling Beams

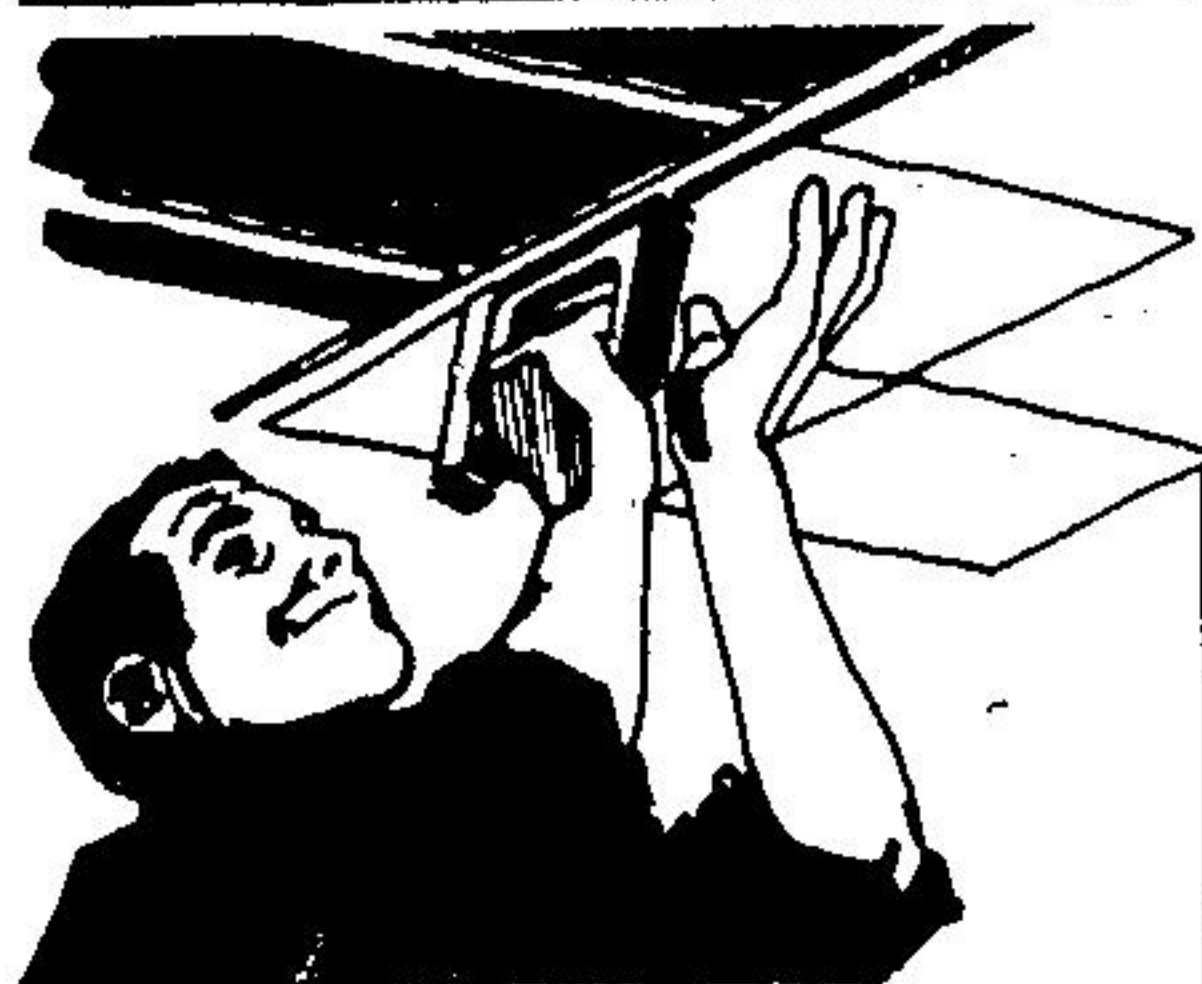

Authentic old world beauty for your home.

Transform the ceiling of your den, rec room or livingroom to the unique look of Canadiana with our specially burnished rich brown beams. Easily installed over plaster or ceiling tile. Ideal to install on walls or around bookcases to create a unique identity in your home. Norwood Beams are lightweight for ease of installation but have the matchless appeal of real aged wood with distinctive knots. Two convenient sizes to choose from.

Buildall Ceiling Tiles 12" X 12"

Do-it-yourself Ceiling
The pattern choice is larger

We improved and expanded our selection of Buildall ceiling tiles to include brighter whites and more dramatic pattern embossing. It's easier than you think to install. Simply staple 12" X 12" tiles to ceiling strapping. Tongue and groove joints assure a snug, clean fit. Buildall's new carry home carton is convenience itself. Each carton contains 36 tiles, and weighs approximately 29 pounds, so you don't have to wait for delivery.
