

National Trust opens new office in Guelph

National Trust's new office, opening Wednesday, March 1st at 9:30 a.m. in the Stone Road Mall in Guelph, promises to be an exciting event.

As their contribution to the official opening of the new Stone Road Mall, the branch is donating a string of 151 dollar bills, one dollar for each year of Guelph's history, which Mayor Norm Jary will cut.

The donation will be presented to the Guelph and District Association for the Mentally Retarded, by Paul Clarke, Manager of the new National Trust office.

Tying in with Guelph's 151st year, National Trust has asked author Leo A. Johnson to be in the new branch on Wednesday, to sign copies of his 'History of Guelph'.

Copies of the book will be given away to the first hundred customers who deposit \$100.00 in the new branch's savings department.

Everyone who opens an account with a \$25.00 minimum will receive a free Wintario ticket and an entry to the Grand Opening Bonus contest.

There will be roses for the ladies, balloons and lollipops for the kids and coffee and cookies for everyone. Manager Paul Clarke and Real Estate Manager Werner Koch invite everyone to drop in for coffee and a look around their new open office concept.

"We want to create a friendly atmosphere," Mr. Clarke says, "one where people feel they can come in and talk."

Besides the saving and loan services, Stone Road Mall branch offers a complete real estate service, relocated from the downtown office. The 3,200 square foot offices are readily accessible to everyone and are conveniently open from 10:00-5:00, Tuesdays and Wednesdays, 10:00-8:00, Thursdays and Fridays and Saturday from 10:00-3:30. National Trust has been in business since 1898 and administers assets in excess of \$6 billion through 54 offices across Canada.

Guelph store is chain's 33rd

Sherman's Mister Sound are pleased to announce the opening of their 33rd full line record and tape store, which will be located in the Stone Road Mall, Guelph.

The Guelph store is the third of several new locations scheduled to be opened in the next six-month period in such major Canadian cities as major Ontario, Calgary, Alberta, and Montreal, P.Q. Their most recent additions include two stores (Sheridan Mall—North York and Markham Market Place) in the Metro Toronto area which opened in December '77.

The "Sherman / Mister Sound" chain presently owns and operates 33 stores across Canada, using the "Mister Sound" trade name in Alberta (Edmonton and Calgary) and Ontario (Toronto, London, Hamilton, Guelph, Ottawa); and the "Sherman" logo in the province of Quebec (Montreal, Quebec City, Hull, Sept Iles).

The evident success story of the "Mister Sound" chain is largely due to a closely knit, well organized and dedicated staff, who, under the direction of Brian Josling (General Manager) and his four Region Managers, is rapidly building a reputation as a leading record retailer in the Canadian Marketplace.
