Hitachi 26" Luminar 1 Console TV largest treasure hunt prize

The \$10,000 Treasure Hunt being held March 1st through 18th as part of the Grand Opening Festivities at Stone Road Mall features numerous prizes of every size and description and one of the most popular will be an Hitachi 26" colour console television.

Mediterranean beauty combined with modern technology is expressed in the classic lines of the elegantly styled slimline cabinet. This 1978 model features consistent Hitachi quality and reliability in the new Luminar 1 chassis plus remote control, uni-knob tuner, castors plus electro APS / AFC. Described as this year's most exciting 26" colour console it also features the new slimline cabinetry made possible by the 110 degree precision in line slot mask black matrix picture tube known as Luminar 1. Luminar 1 produces the sharpest, brightest picture in colour television today and is a result of Hitachi's latest development in the color picture tube field. Because of the use of the Luminar 1 tube, the overall depth of the console is 4" shallower than other consoles producing more living space in your home.

The superb prize is being donated by Hitachi and one of Stone Road Mall's stores.

Look for the Treasure Hunt poster in one of the 85 stores in Stone Road Mall to find this prize valued at \$1400.00!

The \$10,000 Treasure Hunt starts March 1 and goes through March 18. All you have to do is pick up one of the thousands of ballots that will be available in the mall and go into each store and look for the previously selected item of merchandise that will be identified by the Treasure Hunt poster—mark down each store's Treasure beside their name and then when you're finished, deposit your ballot in the Treasure Hunt chest that will be located in the centre of the mall. Remember the ballot must be completely filled out to win.

On March 18 you could be one of 100 lucky people who will share prizes from the \$10,000 Treasure Hunt and if you're real lucky, this beautiful 26" Hitachi colour console T.V. could be in your living room.
