## Trampling damages environment

Man's reaction to spring in Ontario is to break out of his warm, winter cocoon and enjoy the sunshine and fresh air wherever he can find it.

However, at this time of year the environment is particularly vulnerable to trampling and much damage can be done by walking over wet, spongy ground.

## Tory meeting Thurs.

Halt Tories will meet tomorrow night (Thursday) at 8 p.m. in Blakelock High School to choose one of three men to carry the banner in the next federal election.

The Tory executive had investigated other places to hold the meeting when it learned that as many as 3,400 people had taken out memberships and are eligible to vote.

President Dorothy Chamberlain said the executive continued to be concerned about the capacity of Blakelock School to hold such a large crowd. But after a thorough investigation of the alternate locations, she said the school was the best possible spot.

Sitting MP Otto Jelinek, Dr. Art Ross and economist Tris Lett are involved in the battle for the nomination. Interest in the nomination is reported to be extremely high.

Because of the fear of crowding, only paid up members and media people are allowed into the meeting.
