

PROUDLY DISPLAYING part of the treasure at the end of the Beaveree treasure hunt on the weekend is David Mantler of Acton. Acton and Georgetown Beavers took part in the weekend campout.

Beavers brave weekend pirates

Some 56 boys between the ages of 8 and 17 from Acton and Georgetown attended the first district Beaveree held at Camp of the Woodland Trails on the 6th Line of Nassagaweya on the weekend.

Each boy was accompanied by one of his parents, in most cases the father.

The theme for the weekend was "Pirates" and Beavers, leaders and parents all dressed the part. Various games were played throughout the two-day campout, all using the same theme.

The major event was a treasure hunt through an obstacle course, something enjoyed by all. Many of the treasures were made by the boys themselves, as well as spy glasses and Spanish galleons.

Seven boys and two leaders from the first Acton Scouts and three boys and one leader from the Second Georgetown Scouts were the cooks for the weekend. Organizer Andrea Sharples said the boys' work was very much appreciated by all who attended the camp.

For all but one boy, it was the first such camp ever attended. Mrs. Sharples said everyone was fantastic and did their job, yet stayed out of trouble. She was extremely pleased with the success of the weekend.

BILLY WIRTH of the Acton Beaver colony takes an active part in games at the first district Beaveree held at Camp of the Woodland Trails on the weekend.

87 Cubs take part in Cuboree

North Halton District Cubs held their annual Cuboree Saturday, June 3.

The event was organized by Elaine Hannah and Steve Thompson from the district service team in co-operation with Constable Raj Swaminathan, safety officer for Halton Regional Police.

Held at St. Francis of Assisi School, Georgetown, the cuboree began at 7:30 a.m. when Raj and some leaders arrived to set up the course outside and equipment inside.

Boys were pre-registered alphabetically in two age groups 8-9 years old and 10-11

years old. They were given numbers and then assembled in the gym for a talk by Raj and a film on safety riding a bike. Tests were written - a different one for each age group.

Next event was skill testing on the course. There were five tests - balance, diminishing clearance, change of balance, stop street and traffic light. As each boy finished the course he took his bicycle to the pit stop for an inspection.

Written tests counted for 20 points in the 8-9 year group and 15 for the 10-11 year group. Skill tests had a top score of 125 and the bicycle inspection was worth 90 points. This made a total of 235 points for the 8-9 boys and 230 for the 10-11 boys.

Top six winners in the 8-9 year old boys were: Cameron MacLean, 1st Georgetown, 220 points; Scott MacLean, 1st Georgetown, 215; Greg Lane, Limehouse, 210; Roger Mullins, Limehouse, 210; Geoffrey Tyler, 4th Georgetown, 210; Peter Kuechler, 1st Acton B, 209.

Watershed projects begun

Four work crews from the Credit Valley Conservation Authority's Experience '78 program began individual projects in the Credit watershed Monday, June 12. The crews are composed of students hired for the summer weeks.

Crew one, led by foreman Jane Johnston, spent most of the first week laying cement slabs around the pool at the Terra Cotta Conservation Area. They are now tearing down the old footbridge at the Authority office in Meadowvale and replacing it with a sturdier one using natural materials.

Crew two, headed by Wayne Wolfstadt, is stripping cut cedar at Forest Conservation Area No. 4 in Caledon to be used later in the construction of a natural playground at the Terra Cotta Conservation Area.

A 60 foot long footbridge is being constructed at Rattray Marsh Conservation Area through a particularly muddy area by Crew three, led by Jim Collis. They have also been cleaning up the area by removing any unnatural materials.

Fourth foreman Jan Cryslar and her crew, are stationed at the Terra Cotta Conservation Area for the duration of the summer to perform maintenance operations.

Next week demolition of the natural gym at Meadowvale Conservation Area will be completed.

Porter says

Sheridan not second choice

The role of Sheridan College has changed significantly since it opened in 1967, according to president John Porter.

Porter also feels Sheridan's role in the community has changed considerably since the college opened.

He said that many things have happened since the colleges came into existence. "In the minds of many people," he said, "it was assumed that we were always going to prepare individuals for jobs that were kind of second or third level in relationship to university graduates."

"Several things have happened since then. One is that all colleges developed a number of highly-specialized programs where we are the best there is. We have a number of examples. For instance, if you want to be an animator, you don't have any choice. You would be foolish to go anywhere but Sheridan.

"Once you have this kind of situation, it is impossible for people to say that it is second level.

"North American society seems to have the characteristic that the more degrees and diplomas people have, the better they are and the more they would get paid. We are beginning to get away from that now, and industry, I think is not quite as anxious to hire over-qualified people as they used to be and so specific training and education is gaining rapidly in recognition and colleges are profiting from that."

Evidence of this, Porter said, is the steady increase in enrolment at Sheridan. "This year we had the largest student body we've ever had both in full-time post-secondary, in retraining and in part-time."

Sheridan's part-time enrolment increased dramatically. According to a provincial report in February, Sheridan, at that time, had the largest part-time enrolment of any college in the province.

"Certainly there seems to be a strong interest in many people in going to college where jobs at the end of the period seem more secure, it's

a shorter period of training, and it doesn't cost as much," he said.

Porter feels this trend will continue. "The universities are going to fight it like mad. They are going to get, I think, a bit more innovative than they have been. Some of them are even starting to talk about introducing programs similar to the ones we run. I think it would be a shame if we started competing with each other."

"This is an area that, over the next number of years, is

going to require one great deal of study and co-operation.

"For the future, educationally, I think more and more we have to keep examining better ways of teaching and learning. We have to sharpen up our processes of dealing with people in making sure we understand them.

"There are many things still to do. I think one of our goals has to be to try and improve the communication link," Porter said.

Ontario Municipal Board

IN THE MATTER OF Section 17(3) of The Planning Act (R.S.O. 1970, c. 349).

-and-

IN THE MATTER OF a reference to this Board by the Honourable John R. Rhodes, Minister of Housing, of an application by Ontario Hydro to amend the Official Plan for the former Esqueping Planning Area (now in the Town of Halton Hills) to permit the construction, operation and maintenance by Ontario Hydro of high voltage transmission lines and uses incidental thereto on those lands known as the proposed North/South Hydro Corridor within the Town of Halton Hills, and set out as Schedule "A" to this Appointment for Hearing, Minister's File OPC-0012-17(3)-A

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints Monday, the 31st day of July, 1978 at the hour of ten o'clock (local time) in the forenoon at the Old Esqueping Municipal Building, R.R. #1, Georgetown, for the hearing of all parties interested in supporting or opposing this application.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing may request a copy of the decision from the presiding Board Member. Such decision will be mailed to you when available.

DATED at Toronto this 23rd day of May, 1978.

SECRETARY

Ontario Municipal Board

IN THE MATTER OF Section 33(22) of The Planning Act (R.S.O. 1970, c. 349).

-and-

IN THE MATTER OF an appeal by Ontario Hydro for an order directing an amendment to By-law 74-31 of the Town of Halton Hills, as amended by By-law 76-93, to permit the construction, operation and maintenance by Ontario Hydro of high voltage transmission lines and uses incidental thereto, on those lands known as the proposed North/South Hydro Corridor within the Town of Halton Hills, and set out as Schedule "A" to this Appointment for Hearing

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints Monday, the 31st day of July, 1978 at the hour of ten o'clock (local time) in the forenoon at the Old Esqueping Municipal Building, R.R. #1, Georgetown, for the hearing of all parties interested in supporting or opposing this appeal.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing may request a copy of the decision from the presiding Board Member. Such decision will be mailed to you when available.

SECRETARY

Ontario Municipal Board

SCHEDULE "A" TO THE BOARD'S APPOINTMENT FOR HEARING DATED THE 23rd DAY OF MAY, 1978

All and singular that certain parcel or tract of land situate, lying and being in the Town of Halton Hills, in the Regional Municipality of Halton and the Province of Ontario and being all those portions of Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31 and 32 and the public highways and road allowances adjacent to or within the said Lots, all in Concession 5 in the Township of Esqueping, now in the said Town, lying within a strip of land 250 feet in perpendicular width lying 125 feet on each side of a centre line and centre line produced, which said centre line may be more particularly described as follows:

COMMENCING at a point in the centre line of the road allowance between the said Town of Halton Hills and the Town of Milton, the said point being distant 33.12 feet measured South 55°34' and 20" East from a point in the Southeastern limit of the aforesaid Lot 1 distant 1655.03 feet measured Southwesterly along the said limit from the most Easterly corner of the said Lot 1;

- TENCE North 55°34' and 20" West 1021.02 feet;
- TENCE North 44°30' and 50" West 1580.08 feet;
- TENCE North 72°13' and 10" West 874.86 feet;
- TENCE North 43°57' and 15" West 14,669.98 feet;
- TENCE North 43° and 58" West 14,173.69 feet;
- TENCE North 47° and 44" West 2440.19 feet;
- TENCE North 43° and 11" West 1784.22 feet;
- TENCE North 43°40' and 20" West 4478.29 feet;
- TENCE North 49°12' and 10" West 5779.17 feet;
- TENCE North 42°01' and 30" West 6525.08 feet;
- TENCE North 38°12' and 25" West 5081.36 feet;
- TENCE North 43°40' and 50" West 6444.60 feet to the centre line of the road allowance between the aforesaid Town of Halton Hills and the Township of Erin.

EXPLANATORY NOTES RE RESTRICTED AREA BY-LAW AMENDMENT APPEAL AND OFFICIAL PLAN AMENDMENT REFERRAL

The existing restricted area by-law permits Agriculture and Open Space uses on the subject lands. The purpose and effect of the proposed amendment is to permit the construction, operation and maintenance by Ontario Hydro of high voltage transmission lines and uses incidental thereto as shown on the draft schedules attached to the proposed by-law.

The existing official plan designation of the subject lands is Rural, Recreational-Conservation, Hazard Lands and Special Policy Area. The purpose and effect of the proposed amendment is to permit the construction, operation and maintenance by Ontario Hydro of high voltage transmission lines and uses incidental thereto within the corridor shown on the map attached to the draft official plan amendment.

The proposed official plan amendment corresponds with amendments contained in the restricted area by-law amendment appeal.
