

**WINNERS IN** the fishing derby Sunday line up with conveners and prizes: Sam Tennant, Dennis Champagne, biggest fish: Alun Ash, largest pike, Jason Ash, second largest, Steve McDonald, largest bass; David Ruse, largest catfish and organizer Herb Dodds. Gerry Paul is missing from the photo; he had the second largest bass.

## Turtle snaps winner but fish derby success

Enthusiastic young anglers spent Sunday at the park, feeding out their lines in hopes of winning the annual firefighters' fishing derby. About a dozen boys entered, and no adults.

## Minor softball from Limehouse

In the only game played by squirt girls last week, Limehouse lost 21-14 against Glen Williams. Judy Thomson and Danielle Mileham had two home runs each to bring in six runs. Colleen Mulder caught a super line drive and, in one inning, Kendal Batchelor single-handedly retired the side.

## Peepees triumph

Every player scored at least once as the Family Restaurant peepee girls routed Limehouse 20-9 in Halton Rural Softball action last Wednesday at a game played in Acton.

## Willowdale woman winner

Lorna Hone of Willowdale was the big winner in the Acton Mens' Industrial Hall Association draw June 24, collecting four bats for her winning ticket.

## Atoms atomize opposition

Acton Nellis Construction atoms continued to pile up the wins as they swept a pair from Limehouse and Hornby last week in Halton Rural softball play. They visited Limehouse June 26 and blanked the hosts with a 31-0 win and came out on top of a 31-6 decision at home against Hornby three days later.

Peter Cargill belted five home runs in five at bats to lead the atoms' attack in the Limehouse game. David Paul hit three homers, David Haynes, Alex Shear and Sean Fitzgerald all managed single four baggers.

Every player on the team scored at least once in the rout. Winning pitcher Sean Fitzgerald struck out 14 and allowed 10 baserunners. The atoms were too much again when Hornby came to town. They socked eight home runs in piling up their 31 run total. They scored ten times in the first, ten times in the second and 11 times in the third inning.

## Colonials blank Glen on Kostal's four hitter

Rockwood Colonials shut out Glen Williams Way-Jays 3-0 behind the four hit pitching of Frank Kostal in Inter-county Fastball League action at the Glen ballpark last Tuesday night.

Way-Jays fell behind 2-0 in the 1st inning when the first two Rockwood batters, Tom Parkinson and Gary Smith, walked. Both advanced on a sacrifice and scored on Albert Kelly's single.

Tom Rockola led off the Rockwood 5th with a triple and scored the third Colonial run on a ground-out. Phil Shrive also tripled for Rockwood in the 7th, but was left stranded.

Brian Peavoy, Max Stafford, Glenn Fendley and losing pitcher Jeff Haines touched Kostal for singles. Way-Jays had two good scoring opportunities. Haines walked and Fendley singled for the Glen in the 5th, but both were forced at third on fielder's choices and Kostal reired Steve Pierce to end the inning. In the bottom of the 9th, Stafford singled and Haines walked, but Fendley popped out to end the game.

Kostal struck out only two batters and issued five walks. Haines fanned four Colonials and walked two.

## Beothuck club

The Beothuck Hockey club in Acton is to receive a grant

of \$1,500 to defray the costs of transportation to attend the Invitational Bell Island Tournament in Newfoundland.

According to John Kavanagh, a spokesman for the team, the Beothucks are made up entirely of former Newfoundland residents. The team is named after the Beothuck Indians, a tribe from the Newfoundland area that became extinct.

The players got together last fall with the idea of forming a team to go to this tournament, and have held various fund raising activities since then.

## Chryslers crowd Harley Motors

Georgetown Chryslers squeezed past Harley Motors 7-6 for the second time this season, last Wednesday, to move to within a single point of the mechanics in the Georgetown Industrial Fastball League standings.

Royal Trust are now in third place, just two points out of top spot. They beat Limehouse 8-6, last Wednesday.

The Harley Motors' loss was only their third of the season. Their other defeat came at the hands of Limehouse.

Only six points separate the top seven teams in the standings and there is only an 11 point spread between first and ninth place. The top eight teams make the playoffs.

League President Bryan Lewis handed out two suspensions last week. Al Keir of Glen Williams received a three game suspension after being ejected from a June 28 game for abuse of umpires. Bill Cunningham of Fobert's Flyers will sit out two games for using profanity in a June 29 game at Acton.

GEORGETOWN INDUSTRIAL FASTBALL LEAGUE Standings up to and including Thursday, June 29

Team	G	W	L	T	P
Harley Motors	14	11	3	0	22
Gen. Chrysler	13	10	2	1	21

Way-Jay Sportsmen	15	5	9	1	11
Glen Williams	15	3	12	0	6
DRG Gage Stationery	14	1	13	0	2

## Merchants sweep

Acton Merchants swept Halton Hills Catering in both exhibition contests between the two teams Sunday, winning by counts of 9-1 and 12-5. "We just couldn't get the pitching," said a spokesman for the Caterers.

The two teams were playing as part of Back to Acton Days.

## Fastball tourney

The Milton Fastball League will be hosting its annual tournament this weekend at Brian Best Park and Omagh. A gathering of 16 teams will start at 9 a.m. Saturday with the finals set for 7.30 p.m. Sunday.

All Sunday's games will be at Best Park. Five Milton teams will be participating with others from Acton, Georgetown, Bronte & Mississauga.

HALTON HILLS Recreation Department's aquatic staff practised life saving steps in Acton's Prospect Park Friday. Georgetown life guard Alison Taylor acts as victim while Acton pool supervisor Liz Binsfeld applies the resuscitator. Lori Fountain watches.

**Misconduct:**  
No running.  
No walking.  
No exercise.  
No effort.  
Penalty — a shorter life.  
No argument.  
Fitness is fun. Try some.

# Your guide to Mosquito Control.

## How to stop them from biting.

- Mosquitoes are most active in the evening and in wooded areas. It is only common sense to reduce mosquito bites by keeping out of their way as much as possible.
  - Repair holes in your screens and make sure they fit tightly.
  - Mow your weeds and grass frequently, trim hedges and remove all unnecessary vegetation, which protects adult mosquitoes from sun and wind.
  - Provide netting for the protection of babies and young children.
  - Close the damper on your fireplace when it's not in use.
  - Wear loose protective clothing with long sleeves where mosquitoes are abundant.
  - Lighter coloured clothing attracts fewer mosquitoes than dark clothing.
- Many efficient insect repellents are available, but always read the label and follow instructions.

## How to stop them from breeding.

- Mosquitoes usually develop in still water so the best way to eliminate them is to do away with still-water breeding sites, wherever they exist. You can do your share.
  - Eliminate all standing water around your home.
  - Fill in low areas to prevent water gathering.
  - Make sure drainage ditches and gutters aren't clogged with trash.
  - Clean blocked drainpipes and drain water from flat roofs.
  - Dispose of empty cans and old tires, and up-end buckets and other containers left outdoors.
  - Change water in wading pools, ponds and bird baths every few days.
  - Keep your swimming pool properly chlorinated and filtered.
- Insecticides and pesticides should be used carefully. Follow the manufacturer's instructions.

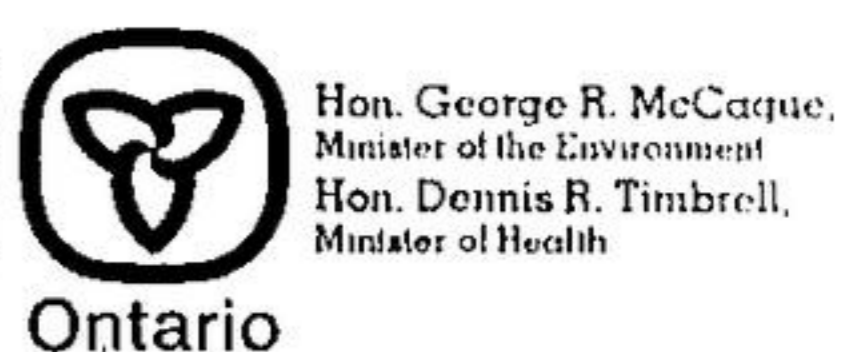

In 1975, St. Louis Encephalitis spread by certain mosquitoes was reported in Ontario for the first time. There were about 70 human cases, mostly in Southwestern Ontario. During the 1976 and 1977 mosquito seasons a combination of factors—including, public awareness and care, and municipal mosquito control programs—reduced the number of cases to four in 1976 and to none in 1977.

We will be prepared again this summer. Since a recurrence of the encephalitis virus is difficult to predict, it is necessary that scientific surveillance and mosquito control programs be continued during the summer of 1978.

There is no known treatment for the disease so prevention is essential. Symptoms of encephalitis include drowsiness, loss of appetite, fever, headache, nausea and vomiting.

It must be emphasized that most mosquito bites this summer will be simply a nuisance. However, should symptoms occur, you should consult your physician.

A free pamphlet on mosquito control is available on request from your local health unit or any office of the Ministry of the Environment.
