

EVERYBODY HAD A man this time as the puck squirted loose in front of Sabres goaltender Rob Bremner. Sabres played host to the London Diamonds at Gordon Alcott arena in Georgetown.

London won the exhibition match 7-4 on five second period goals. Acton meets Port Colborne at Memorial Arena in Guelph next Sunday at 7:30 p.m.

### Soccer Results Aug 29-Sept 4 House League Atom

**Ajax 0 vs. Rockwood 1**  
Rockwood just shaded Ajax by a single goal scored with about a minute to go in the game, which shows what a close game it was all through. A good win for Rockwood and a fine team performance by Ajax, whose players Gerry Van Der Eyken, Trevor DeBruyn, Randy DeBoer and Steven Parker played very well.

**Leeds 2 vs. Wolves 1**  
Wolves were unlucky to lose this one, they fought hard and never gave up. Steven Wagner scored a beauty for Wolves from a sharp angle and Kevin Galloway (pen.) and Geoff Maltby scored for Leeds.

**Eramosa vs. Hillsburgh 0**  
The following are the semi final games to be played Thursday Sept. 7th.

**Leeds vs. Ajax at M.Z. Bennett, 6:30 p.m.**  
**Rockwood vs. Eramosa at Rockwood, 6:30 p.m.**

**Mosquito Sept. 1**  
**Rangers 7 vs. Hillsburgh 0**  
In spite of the lopsided score Rangers played a scrappy game and still won with ease. Scorers were Craig Johnston (3), and singles from Shawn Taras, Jack Nimver, Ian Sawden and Peter Wright. Peter's goal was a real beauty.

**Rovers 0 vs. Raiders 1**  
Rovers played well, one of their better games. In spite of the score, Raiders worked hard for their win. Scorers were Brad Youmans (2) and Jimmy Richards (1) and the

other single from Tony Van Dam. Raiders' goalkeeper, Adriano Buzzin, Stuart Morgan and Jamie Lawson played very well.

**Semi-finalists in this section are Rangers, Raiders, Rockwood and Hillsburgh. The games will be played before finals day, Sept. 9.**

### Pee-Wee

**United 2 vs. Flyers 2**  
A first class game, full of action from start to finish. It looked like a win for United who led 2-1 late in the second half with goals from Dana Taras and Tony Wright, but Flyers came storming back to equalize and the game ended on a tie, which was the best result. Michael Anger had a good night for United.

**Rep. Atom Aug. 29**  
**Acton 2 vs. Orangeville 1**

This was our best performance at Atom rep level. Orangeville head this league and have beaten us twice this season. Acton let up a bit in the second half, after leading 2-0 at half time with goals from Colin Lewis and Paul Kilpatrick, and allowed Orangeville to get one back. Every Acton player done his part.

**Mosquito Aug. 30**  
**Hillsburgh 0 vs. Acton 9**  
This very good Acton side had a field day at Hillsburgh, the score says it all. Goals from Emil Milarovic (3), Steven Dodson (2), Louie Groenendyk (2) and Brian Bollett (2).

**Acton 7 vs. Orangeville 2**  
It was Acton all the way, against what has been a disappointing Orangeville side throughout the season. Acton goals scored by Bob Little who had a very good hat trick, Gord Glenn (2), Kenny Kavanagh (1) and the other side from George Gudman.

### Note:

Well as Acton soccer season draws to a close we wind up, as always, with finals day, which will be held this coming Saturday, Sept. 9th at M.Z. Bennett and M.S. Middle School. Your coaches will contact you with the information re your games. All the teams in house league will play. And, of course, the free hot dogs and pop will await all players. See you there!

## THIS IS CHIROPRACTIC

X-ray and other studies show that the spinal trouble is due to alterations in the normal alignment and shape of the vertebrae of the upper spinal segments. This structural misalignment of the vertebrae results in irritation of the nerves and soft tissues in and between the adjacent vertebrae. Such headaches respond well to the specialized care offered by the chiropractic profession. There are many types of headaches, arising from many causes, including cervical, postural, muscular, sinus, migraine or tension. Headaches may occur in any part of the head. They may be localized or general and may vary widely in frequency, intensity and duration.
