

A free Chequing Account. A Special Savings Account.

It's a sensible combination.

At National Trust we have a simple combination to help you deal sensibly with your money for both your day-to-day and long-term financial needs.

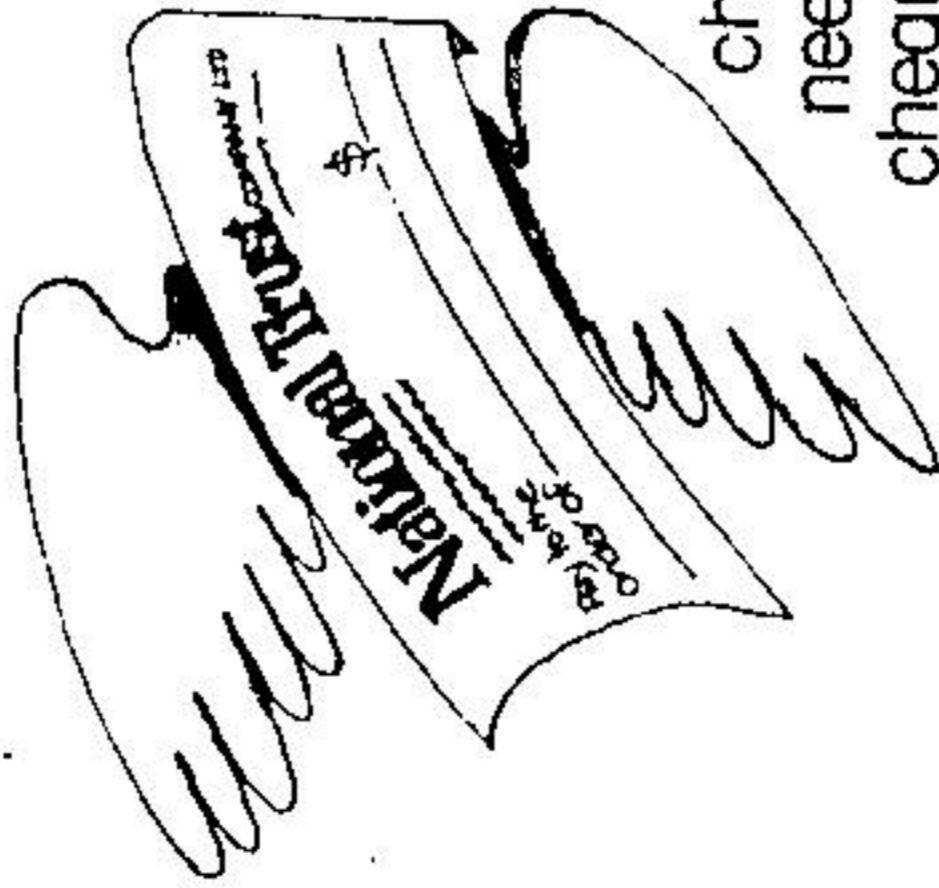

Our **free Chequing Account** is really free and it's an ideal way to handle your chequing and bill-paying needs. You write as many cheques as you want. Each month you'll receive your cancelled

cheques along with an up-to-date statement. There are no service charges and you don't need to maintain a minimum monthly balance.

Our **Special Savings Account**

pays a high rate of interest to help you save for tomorrow's goals. It's non-chequing, but you can withdraw or transfer funds as you need them.

Come in soon and see how our simple combination can make the most of your money, sensibly.

National Trust.

You can bank on us.
