

DON'T JUST CUT GRASS. VACUUM YOUR LAWN.

Weighted Load Carrier must be used on slopes.

Both these Snapper Mowers feature a powerful vacuum action that cleans your lawn faster and better than other mowers. They also have extra large grass bags so you don't have to stop as often to empty. So choose the model that fits your lawn. And vacuums it while you mow.

All Snapper mowers meet A.N.S.I. safety specifications.

OUTDOOR WOOD

DISPLAY AND PRESENTATION

Build beautiful, permanent patios

Outdoor™ brand wood? Yes, you can get wood that is specially prepared for exterior use.

Outdoor wood is Wolmanized® lumber and plywood. It's ordinary wood—pressure-treated with Wolman® preservative chemicals so that it lasts for decades. It won't rot. And it's protected against termites.

When you build a fence, patio, or any exterior structure, this is the beautifully practical material.

Considering how long Outdoor wood lasts, even if you don't paint it, or stain it, it's relatively inexpensive. Use Outdoor wood for your next project. You can be sure it will have the appearance and shape-holding qualities you expect because Outdoor wood is a high grade of material.

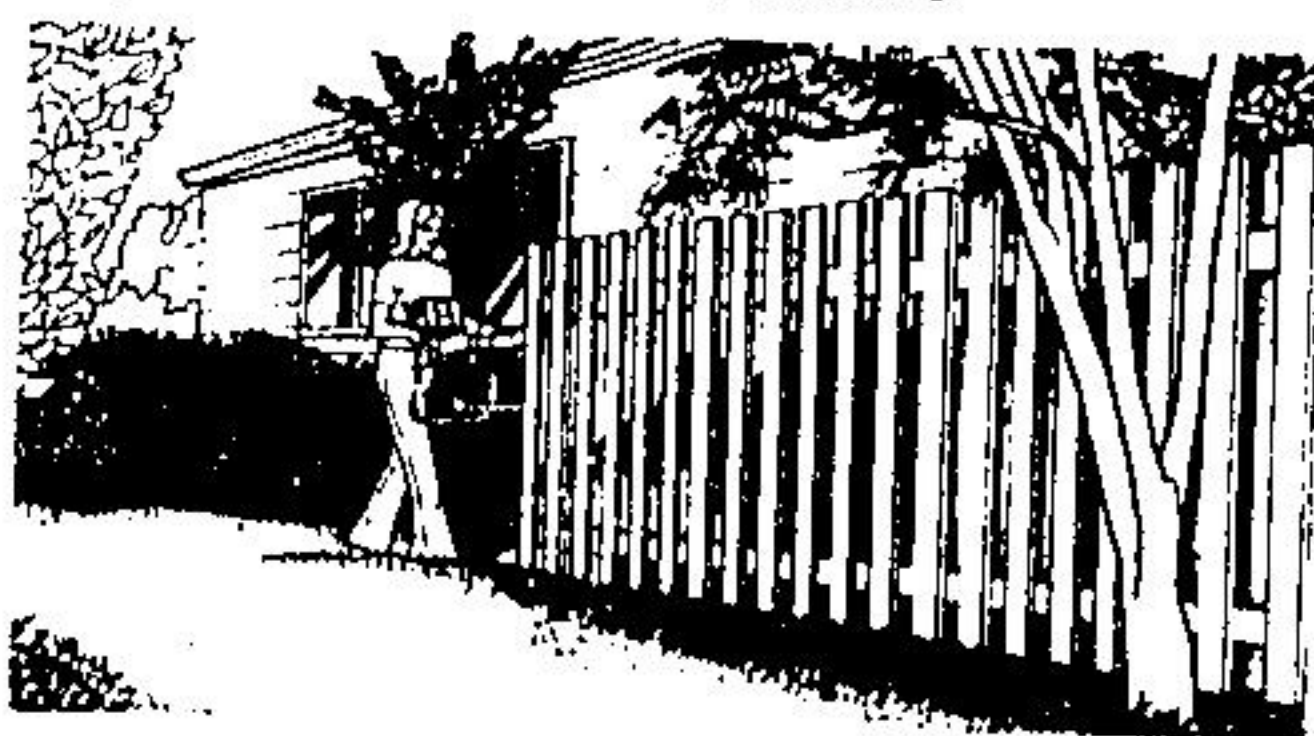

Be sure to look for the Outdoor™ wood mark on each piece of lumber. If it doesn't have the mark, it isn't genuine Outdoor brand wood.
