TO ALL SHOPPERS!

Welcome to Downtown Georgetown!

This Spring will bring several changes to our downtown area. The construction of three "islands" designed by Paul Martel will begin in April and more are being planned. Look for our big new "Downtown Georgetown" identity signs to compliment the "Free Parking" and "Walkway" signs erected last fall. The plans for all these changes are on display in the window of Akers & Clark Realty on Main Street.

Downtown you'll find interesting shops, friendly personal service and lots of free parking. So shop with us! Downtown Georgetown wants to serve you better. We're glad to have your support, we're planning to please you and we'd like to hear from you!

Sincerely,

1979 Chairman
Business Improvement Assoc.
