

Len and Elly Tuitman are in the Acton area to stay and hope residents will patronize their business, Tuitman Landscaping and Garden Centre, on Highway 25 south of town.

## Tuitmans open garden centre

A long chain of events brought Len Tuitman to Acton. Now he has arrived, he intends to stay. The owner and operator of Tuitman's Garden Centre and Landscaping on Highway 25, just south of town, has been considering going into business for himself for a couple of years, but he and wife Elly wanted the perfect location. It was not until they discovered the Acton area that they decided to set up homebase.

It has only been in the past eight years Len discovered he had a green thumb. He originally started out as a clerk with an accounting firm in Groningen, Holland, and worked his way up to an assistant accountant, before heading to Canada in 1970.

Upon his arrival in this country, Len went to live with his uncle in Mississauga. At this time, he got a job with the Mississauga parks and recreation department. Then he entered Humber College, and returned to Mississauga. He was a full time laborer for three years, before becoming gardener.

With his new business, Len does designs, clean ups, maintenance, landscaping, etc. His estimates, which also include design are free of charge and with no obligation.

Although he and wife Elly have only been open a few months, they are swamped with customers and getting to know the area people. While Len is out sodding, or pruning evergreens, among other things, Elly keeps the garden centre going.

Customers come from the north Halton area as well as Mississauga and Oakville. Len will also travel out of the area to customers as well.

All outdoor plants, such as shrubs, etc., are guaranteed until October 31.

(any bought now). With 60 different varieties, that is a big obligation, which the Tuitman's look forward to fulfilling.

They realize the importance of a good reputation in a small area, and want the chance to build that reputation.

## Checks on hustle halt

Halton Board of Education health officials will delve into the reasons why the once popular Health Hustle has been discontinued in at least one school.

Program Superintendent Robert Dixon, in reply to an inquiry by Acton-Esqueving trustee Betty Fisher, indicated the staff will talk to critics of the Health Hustle. The board's guidelines refer only to fitness. Health Hustle is left to the discretion of the school principal.

## There's more to buying or selling a car than you think.

When you're buying or selling a car privately, a handshake and bill of sale doesn't mean the deal is complete. If you're the seller, it's in your best interest to make sure the change of ownership has been registered properly with the Ministry of Transportation and Communications. If it hasn't, all parking tickets automatically go to you. If you ignore them you could be subject to arrest for failure to pay fines. You could also find yourself involved in a civil suit if the vehicle is in an accident after the sale. If you're the buyer, it's also in your best interest to make sure the change of ownership has been registered. Both buyer and seller should visit a Ministry of Transportation and Communications licence-issuing office and transfer the ownership in person. A free pamphlet, "Buying or Selling a Car Privately", is available at all MTC licence-issuing offices, or by writing Public and Safety Information Branch, Ministry of Transportation and Communications, 1201 Wilson Ave., Downsview, Ontario M3M 1J8.
