

Hockey Moms split

Acton Minor Atom Hockey Moms have split four decisions since the start of their Waterloo-Wellington league season. This past week the Moms topped New Hamburg 5-1 and fell to Orangeville 6-2. Last week they topped Fergus 7-0 and fell 14-2 to Woolwich (Elmira).

Greg Leatherland paced Acton to the win over New Hamburg as he fired two goals. Acton took a 1-0 lead in the first period as John Van Dam hit on an unassisted effort. In the second frame the locals added their other four markers, Leatherland's two and singles each by Wayne MacEachern and Troy Foster. Rob Murray, Frank Katsilleras and Jason Henderson picked up helpers.

In the loss to Orangeville the locals gave up two goals in each frame. Acton got a second period goal from Shawn McFadden and a third period marker from John Van Dam as their only scoring. Todd Latzenby assisted on the McFadden goal.

Team manager Ed Leatherland was pleased with the improvement his team is showing each time out and felt that with a few breaks the score would have been much closer.

In last week's 7-0 win over Fergus, Carl Yaroschak got the locals rolling with a goal at 2:11 of the opening period with an unassisted effort. A minute later John Van Dam gave Acton a 2-0 lead with help from Jason Henderson and the team never looked back.

Yaroschak finished the contest with three goals while Van Dam added a second goal and an assist. Jason Henderson and Frank Katsilleras added the other Acton goals with Greg Leatherland, Shawn McFadden, Wayne MacEachern and Rob Murray picking up assists. Evan Hayter and Scott Williams shared the shut-

out for the Hockey Moms. "The team played fine positional hockey," according to manager Ed Leatherland. "The defence moved the puck well and defended well." The next contest for the Moms was a 14-2 onslaught by Woolwich. The Atoms found themselves giving up six goals in each of the first two

Atom split four

Acton Major Atoms suffered a 4-1 setback at the hands of Orangeville in Waterloo-Wellington league action last week but rebounded on Saturday to score a 9-2 win over Fergus at home. Acton coach Dan McGilloway felt the team put up their best performance of the year against Orangeville outshooting the opposition at least three to one but wound up on the losing end of a 4-1 score. John Moran netted the only Acton goal of the game from Mike Baker at the mid-point of the final stanza. Jeff Morrow paced Orangeville with a pair of markers.

Against Fergus it was Paul Kilpatrick who led the way firing three goals while John Moran added a pair of scores and an assist. Mike Baker, Jason O'Neill, Gord

periods of that match as they were outkated and outshouted according to Leatherland. Acton got goals from Rob Murray and Carl Yaroschak, one in each of the first two periods. "We got our legs back in the third period," (holding Woolwich to two goals) said Leatherland, "but then it was too late.

Taillefer, and Peter Cargill fired the other Acton goals. Tom Atherton led the playmakers for the atoms earning three assists. Mike Baker and Peter Cargill fired the other Acton goals. Tom Atherton led the playmakers for the atoms earning three assists. Mike Baker and Peter Cargill helped out on a couple while Taillefer, Dean Cote, Kirk McNabb, David Haynes and Sean Fitzgerald picked up single assists.

Acton picked up a pair of first period goals, added five more in the second and another pair in the final frame.

McGilloway was pleased with the team's powerplay passing and goalding in the game along with the way all lines contributed to the scoring.

John Mintern, with hat, showed novice curlers Joe and Darlene Browns standing, and Derrick Neeley some of the basics prior to the first bonspiel of the season at the Acton Curling Club. The Oom-Pah Pah bonspiel may become an annual event.

Hockey masks saving sight

Last season 12 hockey players were legally blinded compared to eight in the previous one according to reports received by Dr. Tom Pashby, a Toronto

ophthalmologist and chairman of the Canadian Standards Association (CSA) Committee on Protective Equipment for Hockey and Lacrosse Players.

None of the players injured were wearing hockey face protectors—a fact which disturbs Pashby who has been treating eye injuries to hockey players for over 30 years.

"The youngest victim to lose and eye was 19 years old and the rest were in their 20's and 30's," explains Pashby. "The younger players are forced by their leagues to wear face protectors, but the older players are playing pickup hockey and are not required to wear masks."

The result is more injuries to the older players. "The new CSA standards have been improved and now offer sufficient protection for goal tenders. We're also concerned with the number of dental claims. We will be investigating these to see what improvements can be made."

CSA has published standards for face protectors and tests and certifies them. So far, the program is voluntary, which means that non-certified masks can be sold next to certified ones.

"The wise hockey player should buy and wear a CSA certified hockey mask. Look for the mark before you purchase," says Pashby. "The statistics certainly prove the success of this program. For instance, last year there were 42 eye injuries reported, the year before 53, and in '74 and '75, before face protectors were widely used, we had 253 eye injuries and 42 eyes lost."

Pashby also suggests

Novice reps nip Fergus 5-4

Acton Alton-McIsaac Concrete Construction Novice Reps pushed their record to a win and a loss recently, scoring a come-from-behind 5-4 win over Fergus.

The Contractors trailed by a goal in the third frame before three tallies in less than one minute and 20 seconds lifted them to victory.

Rene Van Kesteren paced the Acton scoring attack, potting three goals and assisting on another. Tim Tibbits counted a goal and an assist for the locals while Robert Lockhurst netted the other.

Lockhurst gave Acton an early lead in the match but Chris Driscoll fired his first of four for Fergus to even the count after one period.

Van Kesteren restored the Acton lead after only 36 seconds of the second period before Driscoll was able to pot another pair, beating Acton goalenders Kevin Usher and Philip Landriault.

Kevin Hattle added to the Fergus lead early in the final frame before the Acton explosion.

Van Kesteren fired two of the three come back markers with Tim Tibbits netting the other.

Juveniles return to W-W

After a one-year absence from Waterloo-Wellington league play Acton Juveniles made a comeback last week as they began the 1979-80 season in style, scoring a 2-1 win in Fergus. Unfortunately their home opener was not as successful as they dropped a 5-3 decision to New Hamburg.

Rusty Miller put Acton ahead of Fergus in their win with help from Murray McNabb and Rob Evans at 11:06 of the first period but within 30 seconds Fergus had evened the count.

Trefor Gardener scored what proved to be the winner for the locals at the mid-point of the second period from Evans and Randy Van Fleet.

John Gordon shut down the Fergus goal scoring in the second half of the match while Frank Noseworthy was between the Acton pipes for the opening half.

It was an inept powerplay that cost the

Juveniles in their second start of the season. A seven minute two man advantage turned out dismal for the locals as New Hamburg managed to survive the shortage coming out with a shorthanded goal on their way to a 5-3 win.

Don Brouillard fired the first Acton goal unassisted in the first period as the teams exchanged goals. In the second period Rob Evans fired the only Acton goal from Trefor Gardener and Roger Evans while New Hamburg tallied two to take the lead.

New Hamburg added two more third period goals before Marty Collerton rounded out the scoring from Shane Withers.

McGilloway among leaders

Acton's Dave McGilloway is causing trouble for many of the Central Ontario Junior "B" Hockey league goal-tenders.

McGilloway who, despite living in Acton, toils for the Georgetown Gemini is picking up scoring points by the handfuls. McGilloway had a total of 25 on 10 goals and 15 assists in 11 games.

Dave's best night in a Gem uniform came recently in Oakville where he scored four goals and assisted on three others as the Gemini scored a 10-9 win. He's one of the league's leading scorers.

Industrial...

(continued from B1)

Welding earned their first win of the year as they edged out a squeaker, 4-2 over Hella's.

The game started out as if it would be like the two previous Sunday matches with four first period goals being scored, three by Van's and a Hella's single, but

the two sides settled for a defensive style over the final 40 minutes as the teams exchanged single markers.

Gary Moore was the only Van player to earn a goal and an assist. Other Van marksmen included Oliver Cooper, Evan Hayter and John

Snow. Bob Brent, Mike Miller and Brent Irwin picked helpers.

Bob Jarrett and Jeff Townsley fired the Hella goals with Townsley and Bill Severinski earning assists.

In action this Sunday night Van's Welding will try to defeat Lakeview Centre and move them off the top of the league ladder in a 7 p.m. contest. At 8:20 p.m. Family Cleaners will try to do the same to Blow Press and at 9:40 p.m. Hella's and Acton Terminal Warehouse battle for the basement.

Industrial Standings

	W	L	T	F	A	P
Lakeview Centre	3	0	0	22	8	6
Blow Press	3	0	0	19	11	6
Van's Welding	1	1	1	11	11	3
Family Cleaners	0	1	2	9	19	2
Acton Terminal	0	2	1	16	23	1
Hella's	0	3	0	8	14	0

Rotarians score 4-0 win undefeated in league play

Acton Rotary Minor Bantams moved their Waterloo-Wellington record to four wins against no defeats this week as they played a solid defensive game to score a 4-0 win over Orangeville.

Jim Richard paced the Acton attack with a pair of goals including a shorthanded goal in the third period that according to Acton coach Ruddy Holmes took any remaining life out of the Orangeville squad.

Paul Cargill and Vince Danagher fired the other Acton goals as they took a 1-0 first period lead then added a pair of second period markers. Tim McKendry was solid in the net according to Holmes posting his first shut-out of the year. Holmes was pleased with his team's performance in their own end throughout the game.

In their previous games they had defeated New Hamburg 5-1, Hespeler 8-2 and Fergus 7-1.

In the 5-1 win over New Hamburg it was Paul Cargill that led the way with a pair of goals. Brad MacPherson, Randy Coverdale and Bruce Canary added singles for the locals.

After a scoreless first period against Fergus the Rotarians exploded with a pair of goals each from Randy Coverdale, and Paul Cargill on their way to the 7-1 win. Brad MacPherson, David Milne, and David McKnight added the other Acton markers.

The local scoring spree continued against Hespeler as Lorenzo Civiero tallied two goals. Coverdale, Canary, Cargill, Milne, and Richard Kilpatrick added the other goals.

Minor Bantams and Fergus played scoreless hockey over the first period in Fergus but the second frame brought luck for the locals as they fired three markers to take control of the contest.

Four more third period tallies gave the Acton side total control before Bill Homer broke the Acton shut-out bid with less than three minutes remaining.

Randy Coverdale and Paul Cargill each picked up a pair of goals and assisted on another for Acton while Brad MacPherson netted the twine once and assisted on a pair. Brad Youmans also added three points for the locals in the game, earning three helpers. David Milne added two points on a goal and an assist for the Minor Bants while David McKnight counted the other goal.

Acton picked up 16 minutes in penalties in the contest compared to only eight for the home side.

The following night at home to Hespeler the local team continued their scoring spree as Lorenzo Civiero paced an 8-2 win with a pair of goals.

Acton struck early in the contest, netting four first period goals, and then added another pair in the second before Hespeler hit the tally sheet. Acton responded

Do's and don'ts of heating with wood.

How to heat your home safely with wood fuels.

With energy costs rising, many Ontarians are rekindling an old flame—wood fires. Wood used properly can provide a cheap, clean renewable heat source. Used improperly, however, wood burning can be dangerous. Whether your stove is of ornate design or a more modern stove,

they both have one thing in common; they each need proper installation. Here are some of the do's and don'ts on heating with wood:

DO — BUY only units which have been certified for wood use, by the Canadian Standards Association (CSA).

or the Underwriter's Laboratories of Canada (ULC).

DO — HIRE an expert to certify that your flue pipe and chimney are in good condition to handle the higher temperatures.

DO — CONTACT your insurance agent before installing the system. Be sure you're covered in case of fire.

DO — CHECK with your municipality before any work begins. You'll probably need a building permit.

DO — ENSURE adequate clearances are provided as listed in the Ontario Building Code and other guides available at your local library.

DON'T — USE flammable liquids when lighting the fire... like gasoline, kerosene or charcoal lighter fluids. Wood

chips, kindling, shavings or newspapers are the safest startup materials.

DON'T — KEEP any flammable materials near your wood burner.

DON'T — FORGET to clean your stovepipes and flues regularly to avoid dangerous flammable build-up.

DON'T — TAKE CHANCES WITH FIRE. Teach your children about fire safety too. If you have any further questions about heating with wood fuels, contact your local Fire Department, or write for the free guide titled:
