A TUNE-UP AT FIRESTONE MEANS MORE THAN JUST CHANGING YOUR OLD PLUGS.

At Firestone a tune-up means we install new points, new condenser and new rotor. We also adjust timing and carburetor and lubricate the heat riser valve. We check the distributor cap, cooling system hoses, spark plug wires, coil, PCV valve, air filter and gas line filter.

Our licensed mechanics take great care in making sure the job is done correctly the first time so that you get miles and miles of trouble free driving.

Oh yes, we also install new Champion spark plugs.
