**Got an old furnace?**  
**This message is directed exclusively to a small percentage of homeowners.**

Every January it is customary for Boehmers to offer its once-a-year, no-nonsense furnace sale. People have come to look for it as a practical and economical way of replacing their old, inefficient furnaces - whether gas or oil.

This year, we offer three additional benefits on replacement furnaces and boilers (gas and oil) or conversion burners.

First, if you pay cash with the order you will receive an immediate 10 percent discount during January and February.

Second, if you wish to order your new furnace now and have it installed as soon as possible, you can withhold any payment until September 1st, 1980, without incurring any interest or carrying charges whatsoever.

Third, if you prefer this latter method of payment, you can either pay in full by September 1st, or sign up for our own exclusive monthly payment plan at rates which suit your budget.

So, if you are one of the small percentage of homeowners whose furnace is getting old, inefficient, ineffective, now is the time to seriously think about our beginning-of-the-year Furnace Replacement Special.

**MASTER SERVICE PLAN**

A great many of our customers insist that our Master Service Plan is a valuable insurance against unforeseen service charges for their furnace. Parts insurance and labour are combined in one single plan at \$54.95 per year or \$4.60 per month. Most people simply wouldn't do without it. How about you?
