Power Roof Ventilator

Helps cool your house and reduces air conditioning costs. It automatically removes heated air from the attic. Easily installed.

8988 1000 CFM

Keep Your House Cool In Summer, Warm In Winter By Insulating Properly.....

Insulating your home properly is a wise investment. After the initial installation it starts saving you money on temperature control. That means heating and air conditioning costs. And you feel more comfortable all year round. If your home is not properly insulated right now, you should be thinking about what you need to do the job. Beaver will be glad to help.

Reflective Film

Installs right on the window. Rejects up to 70% of the sun's heat in summer. Eliminates glare & fading.

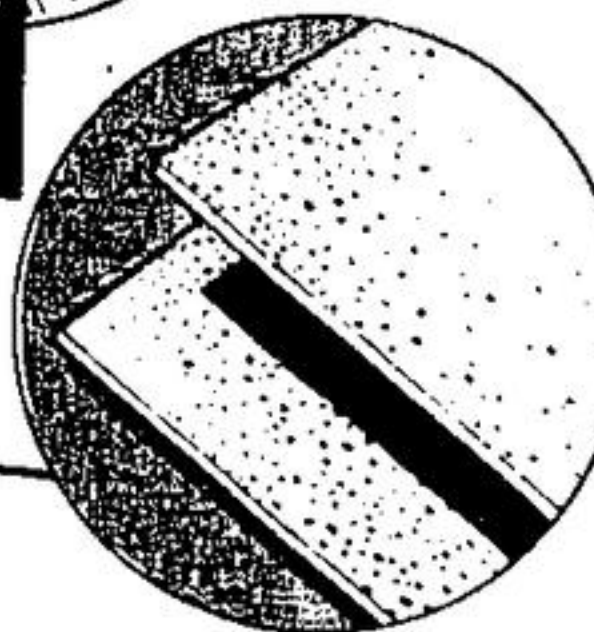

239 linear foot
38" wide

R-Plus Insulation

2'x8'x1-1/2" rigid foam insulation for exterior use under siding. Acts as a great vapour barrier.

540
Ea. 1-1/2" thick
