Oldtimers topped

Freedom knocked in four first-inning runs on their way to an 8-5 victory over the Firestone Oldtimers in the first Wednesday night game of the Acton Men's Softball Association.
The Oldtimers were up to bat in the top of the opening frame, but went down in a row.
Dave Boycott stepped up to bat first in the bottom of the inning, hanging a one-bagger. Mike McGregor brought him home with a triple, followed by a single by Doug Ford. A single by Bob Little and a two bagger by Lloyd Smallwood brought Ford across the plate. Hits by George Wallis and Al Campbell brought Little and Smallwood home.
Firestone rallied at the top of the second scoring three runs on as many hits. Don Archibald, Ray Graham and Al Avery crossed the plate to make it 4-3 still for Freedom.
Freedom waited until the bottom of the third be-

fore scoring any more runs... then they drove in three on seven hits, Wallis, Campbell and Ken Palsley were the run scorers.
Boycott scored the last Freedom run in the bottom of the fifth.
Firestone staged a comeback in the top of the sixth counting two runs on five hits. Bruce McArthur, subbing for Al Avery, and Jules Russiani subbing for Doug Pratt, crossed the plate.
They only managed one more hit after that and failed to score. Freedom smacked two more but didn't get anywhere with them.

Lacrosse sticks free

The Acton Minor lacrosse team will play its first league game Wednesday, May 21 at the arena. The teams will play interlocking games with Mississauga house league.

If any boys in the bantam and pee wee age are interested they should contact league organizer Bob Turkosz at 853-1712.

About 15 boys and girls registered during Saturday's official sign up but there is late registration available. Registration is free and so are the sticks Turkosz is handling out.

Rabid animals are a hazard this spring.

Rabies, which is spread by infected animals, is a serious problem in Ontario.

This spring it is of special concern in built up areas where wild animals... particularly skunks...are infecting pets and children who come in contact with them.

Children should be warned to avoid wild animals, especially if they appear sick or friendly because these usually are signs that they are rabid.

Pets should be regularly vaccinated and kept indoors at night. You can also help to control rabies by reporting any pets or wild animals which seem to be acting strangely to your local police, humane society or health unit.

Do not touch dead animals and contact your doctor or health unit immediately if your child or pet comes in contact with wild animals. Do not handle your pet with bare hands immediately after it has fought with a rabid animal. Seek advice from a veterinarian.

If you would like to know more about rabies write for a free copy of our pamphlet. ANIMALS, RABIES AND YOU from the Ontario Health Resource Centre, Queen's Park, Toronto, Ontario M7A 1S2.

IF YOU SMOKE.

In the years since the criticism against smoking first appeared, many people have given up cigarettes. But many more people haven't.

And that's who we'd like to talk to. That even larger group of people who are smokers today.

If you're a smoker, you've probably heard the charges leveled against smoking.

Chances are you even tried to do something about it—like trying several of those cigarettes that take out everything including the taste.

If you're like a lot of other smokers, you probably went right back to your old brand, and concluded that a good-tasting cigarette for a contemporary smoker has never been invented.

Well, if that's the case, you haven't tried Vantage.

Vantage cuts down substantially on what you may not want, without cutting out that satisfying tobacco flavour you've come to appreciate.

Now Vantage isn't the only cigarette of its kind you can smoke, but it may well be the only one you'll enjoy.

To put it simply, Vantage still tastes like a cigarette.

So, if you are a smoker, but would like to cut down on certain things, Vantage is one cigarette you should seriously consider.

Warning: Health and Welfare Canada advises that danger to health increases with amount smoked—avoid inhaling. 11 mg. "tar" 0.8 mg. nicotine.
