Region Award

The Regional Municipality of Halton has received the 1980 Conservation Award of the Federation of Ontario Naturalists. The award is in recognition of the work done on the part of Halton to preserve and maintain the natural environment.

Board list sport hurts

Halton Board of Education will be making a list of physical injuries suffered by students playing school sports. The promoter of the list, southern trustee Dr. Helen Howard-Lock, envisions it as part of a cost-benefit scheme with respect to education. The list may be one method of determining if more protection is needed for players in one or two sports where their participants have the majority of broken bones and concussions, she told trustees. Education director Em Lavender said the formal injury reports the administration received from schools could be used as a basis for the list.

Reps on Centre WI

Three Rockwood ladies are making their mark with the Wellington Centre Women's Institute. The slate of officers for the year was presented during the 70th annual district meeting at Elora. Included on the slate are: Mrs. Elmer Duffield, secretary-treasurer; Mrs. Albert Sobol the public relations officer and Mrs. George Wallace who heads the citizenship committee.

Consultant appointed

Georgetown resident and former Milton school teacher Karen Erskine was appointed consultant in primary and junior special education by the Halton Board of Education recently.
