The grade 11 and 12 building and construction class at Acton High School have been putting to practical use, what they learn in the classroom. As part of their course curriculum, the class constructs buildings free for area residents. This year they've built a garage and two 8 x 10 tool sheds. Under the direction of instructor Murray Swanson, the prefab walls are set up on the site and finished. All the owner has to do is pay for the materials and feed the students. Involved in this project for Ross Britton are Jim Britton, Steve Evans, Ken Hachey, Andy Ellerby, Dave McGregor, Derek Hodgson, Brent Fry, Clayton Pierce, Mike Downey, Nell MacCloud, Wayne MacCloud, Dennis Jennings, Tony Bonezew, Mike Marshall and Dave Dawkins. Swanson said the class put an add in the newspaper asking if anyone wants them to build a garage or tool shed. He added response has been good.
