

welcome to...

As Mayor of the City of North Bay, it gives me great pleasure to extend a warm invitation to the people of southern Ontario to visit our City.

Located between Nipissing and Trout Lakes, North Bay is known throughout Ontario as "The Gateway of the North" and boasts of natural environment, beautiful beaches, parks and open spaces and some of the most scenic routes in the province. We are small enough to have that village friendliness and large enough to have the urban amenities — four season recreational areas, theatre groups, excellent shopping facilities — those things which reflect what a community is all about.

More than 50,000 friendly folk in North Bay join with me in the hope that you will accept our cordial invitation to share with us some of the delights of the Nipissing district and enjoy our famous Northern Hospitality!

Merle E. Dickerson

Gordon L. Hamilton

Kirkland Lake is a town that was literally built on acres of GOLD. The well-known Northern hospitality has prevailed from those early prospecting days.

We are located in the centre of Northern Ontario's year-round beautiful and virtually untouched paradise of vacationlands.

I bid you welcome and hope you will come visit and enjoy the many activities available in and around our town.

On behalf of the citizens of Sault Ste. Marie and the Members of City Council, it is indeed a privilege for me to have this opportunity to invite you to visit our City.

We in Northern Ontario, are blessed with magnificent summer and winter playgrounds. Unbounded recreational resources in terms of lakes, streams, and forest park areas with their unexcelled hunting, fishing, skiing and snowmobiling, are within easy driving distance of the City.

There are many historical attractions and the major one is the Canadian and American Lock systems.

Modern shopping areas, motels and hotels, social and cultural facilities are conveniently located throughout the City.

Sault Ste. Marie has much to offer you and we hope that you will spend your next vacation here.

Nicholas Trbovich

T.S. "Tommy" Jones

Dryden is a 'great little town'. There are 6,500 people in the town — the immediate trading area is 12,000 and our community services, with our jetport and distribution facilities, 25,000.

We have direct road and air links to Fort Frances, Kenora, Ear Falls, Red Lake, Hudson, Sioux Lookout, Ignace and Pickle Crow. In addition, we have direct air links from our airport which is serviced by two flights east daily and two flights west daily to Winnipeg and Toronto.

This is not only a growing industrial centre, but it is a great tourist centre and, on behalf of the citizens of Dryden, we extend a cordial invitation to the people of southern Ontario to come and visit us.

Our area is a great contributor to the economy of Ontario and on your visit, if you call on our Tourist Bureau, you will be helped in visiting our industries, our museum, our town and our recreational facilities.
