

# northern ontario!

As mayor of the City of Thunder Bay, I am grateful for this opportunity to invite your many readers to visit unique and Thunder Bay. The most enjoyable places to visit are those that are great places in which to live—work—learn—and raise a family. This city is all of these things and much more.

The year 1980 is very special to us. It's our 10th Anniversary and a time to not only reflect upon our growth and accomplishments over the past 10 years, but also to celebrate. You are invited to join with us in a series of celebrations which will continue throughout the entire year. Just drop a line to City Hall and a Calendar of Events will be forwarded to you.

I know that those of you who choose to include us in your travel plans this year and in 1981, will long remember the special brand of hospitality for which this community is known.

Many of you have already had the opportunity to visit Northern Ontario on one occasion or another. Sudbury is both the socio-economic and cultural hub of Northern Ontario. Our many lakes and breathtaking scenery offer the visitor a truly spectacular view of the potential of this great Province of Ontario.

While in our city, you will have the opportunity to stay in our many comfortable hotels and motels accompanied by excellent cuisine.

Perhaps our most obvious asset as a city is the people who live here. Friendly and ever helpful, Sudburians will welcome you and provide hospitality unsurpassed anywhere in Ontario.

Visit the beaches of any one of the five lakes that surround our city or hike and picnic in the miles of nature trails available to the outdoorsman. We have it all, and we want to share it all with you!

It is my pleasure to extend an invitation to all visitors, to the Town of Iroquois Falls.

During your visit, you can fish or camp in the pine tree country, play golf on our beautiful 9-hole golf course, swim in a new 25-metre indoor pool, take in a day-long tour on the Pulp and Paper Path, and have a lumberjack meal, to boot.

Take pictures of the historic Shay Locomotive and visit the Museum full of logging and forestry history, and artifacts.

Believe me, you have more than a full day of interesting holiday events. ...So come prepared to stay awhile!

On behalf of the Community of Englehart, in the heart of Timiskaming District in Northern Ontario, it is my pleasure to welcome tourists, visitors and friends to our area.

Our town has splendid picnic parks in different areas of the community and a good swimming pool for the children. Kap-Kig-I-Wan Provincial Park is only 1½ miles distant from town.

Fishing is excellent in the area and several good Tourist Operators are nearby. Hill's Lake Fish Hatchery is only a short distance from Englehart and tours can be arranged. You will enjoy touring our new museum.

Englehart is the hub of Timiskaming District. Use it as headquarters to visit other areas within the district. You will be happy to have spent a few days in our area. The friendliness of Northern Hospitality awaits you.
