TEMAGAMI

A peaceful scene on Lake Temagami.

Northern hospitality is at its best in friendly Temagami, as it nestles in the heart of a water-studded wilderness. Miles of rugged shoreline and hundreds of islands make it a place to relax, and to enjoy nature at its best.

The ardent fisherman is really in his element, and hikers and climbers can roam for miles, delighting in the clean air and beautiful scenery.

Or if rest and relaxation is the aim of the vacation, where better than in Temagami, where the peace and quiet will lull those tired minds and bodies?

In both winter and summer, Temagami has much to offer to the visitor, and those who have found what they wanted, return year after year, for a time of relaxation and restoration not easily found elsewhere.

As an added bonus, the friendly people in Temagami will do all they can to add to an already perfect vacation spot.
