## ... when Shoppers World Brampton expands

We've launched a major expansion program at Shoppers World Brampton to keep pace with the needs of our growing community.

Step one will bring a new, full-line Simpsons Department store and many more fashion and specialty shops.

Construction has already begun and much of the work will be completed by late summer of next year. And be assured, while we're busy growing, your shopping will not be disrupted.

When expansion is finished, there will be more than 160 stores, 3 new feature courts, an expanded Safeway and Dominion, a strip of convenience shops, new landscaping, and of course, the big, new, two-level Simpsons.

Shoppers World Brampton is getting bigger and better . . . but we will always remain a friendly, family centre.
