

Tammy Rogers was chosen best sportswoman while Colleen Nowlan was chosen most improved player. Both play for the Olympic Drive-In squirt girls.

Blue fin new name

The Halton Hills Blue Fins Swim Team (formerly the Halton Hills Swim Team) has a new structure for the 1980-81 swimming season, due to the fact many swimmers have improved over the past few years.

At the Fall general meeting held recently at Cedarvale, the new format was explained and unanimously accepted. The Blue Fins will have a two tier club this year with the higher skilled swimmers working out six times per week, while the recreational group will swim twice a week.

The higher competitive level will have the opportunity to become CASA carded swimmers and swim in competitions run by the Canadian Amateur Swimming Association.

It is anticipated that the recreational team will continue to compete as they have in the past in the Novice league. Registration for the swim team begins September 16 at the Acton and Georgetown pools and continues until swim practices start the week of September 22.

Parents interested in assisting in any phase of the club program should contact Jim Lusby at 877-7522 (evenings).

Rob Murray was chosen most improved player and Sean Fitzgerald, right was chosen as best sportsmanship in the squirt division. They play on the Acton Transmissions.

Trojans clinch first

The Acton Junior B Trojans are close to ending their season undefeated after pulling out an 4-1 victory last Thursday against Georgetown Barracudas.

The Trojans have one game left their 18th - to play tomorrow (Thursday) against another Georgetown squad, the Metros.

Goals in last week's game were scored by Tony Saxon, Paul Nolan, David Entwistle and John Semencac.

The victory, the result of a strong team performance, ensured the Trojans of the league championship.

Tomorrow's game starts at 6:30 at McKenzie-Smith. Hopes are high among players and coaches for an unbeaten league romp.

Jug City get heave ho

The season ended for Jug City of the Acton Condominium league as front-running Fobert's Real Estate eliminated them in two straight semi-final games.

It looked like a possible upset as hurler Mike Manes kept Jug City in

front of Fobert by a 2-1 score. Then in the sixth inning, Keith Smiley broke the bubble with a triple. Fobert's rallied for six runs to take a 7-2 victory.

In the second meeting, Fobert jumped into a quick seven-run lead but

that didn't last long as Lindsay Kennedy's homer helped Jug City tie the game.

Fobert added four more runs and held off a Jug City rally to take an 11-10 win.

Fobert now meets the winner of the Acton Restaurant-Ridley Firemen series.

That series started with Acton Restaurant hammering the Fireman 20-3. Ray Russianni went the distance striking out six Firemen. Doug Pratt played an excellent game both on defence and offence.

Game two of the series goes Friday at Prospect Park.

Rotary holds golf tourney

Fifty golfers converged on Victoria Park golf course in Guelph recently for the annual Acton Rotary Club golf tournament.

Rotarians from Georgetown, Guelph and Milton as well as Acton plus a few non-members competed in tournament.

Non-Rotarian Brian Robertson of Acton, shot an 80 for the low gross, while Ken Robinson of Georgetown was the lowest Rotarian with an 82.

Low net was shot by Bruce McIntyre with a 69.

The tournament was held August 25.

IMPORTANT SAFETY WARNING to owners of older John Deere Lawn and Garden Tractors

Maintaining the safety equipment on your older John Deere Lawn and Garden Tractor can be especially important. The original boot (or cover) for the battery's positive post on Model 60, 70, 100, 110, 112, 120 or 140 Tractors manufactured from 1963 through 1974 may have suffered from age or may have been lost or damaged. And if that positive battery post is not properly covered, there is danger of a spark causing a fire and bodily injury if you accidentally touch a metal gas can to the positive battery post when refueling the tractor. A more serious fire can result if you are not using a safety-approved gas can.

If you own one of the above models, John Deere wants to make absolutely certain that your tractor has the battery's positive post properly isolated. To make it easy—and safer—for you, we will send you a new cover, free. Just fill out the coupon provided below and mail it to the address shown. It comes complete with installation instructions and is not difficult to install. But if you prefer, after you have received your kit, make a date with your John Deere Lawn and Garden Tractor dealer and he'll install it for a small service charge.

Remember, safety and maintenance go hand in hand. The operator's manual can help you. Read it again. Keep your tractor as safe as it was when it was delivered.

It could be the most important thing you do today.

THERE'S ENOUGH WORK TO BE DONE AROUND HERE TO KEEP A LOT OF BOBS, TEDS AND LINDAS BUSY FOR MONTHS.

A community is like a family.

And just as most families have lists of jobs that need doing around the home, so every community in Canada has a list of priority projects that could and should be tackled: projects ranging from the development and improvement of tourism facilities to energy conservation and environmental programs.

They keep getting postponed because it never seems to be the right time to start; and because there always seems to be something more important to do with the money.

Well right now, in this community, there are people ready to go to work. Men, women and teenagers, some with skills they're anxious to use and improve, others just as anxious to learn.

The Government of Canada wants to give them that opportunity. And we want your help.

We're looking for sponsors for Canada Community Development Projects: associations, local corporations and

co-operatives with the experience to organize and co-ordinate government-funded employment programs that will benefit the community and involve local people.

If you want to help but don't know where to begin, start with any Canada Employment Centre.

We have lists of willing people and available skills.

We have application forms and guides detailing the kinds of projects we're ready to support and the time periods (up to 12 months in most instances and as long as 18 months for construction and construction-related projects) over which that support can be extended.

And we're as eager to get started as you are.

If you have an idea that will benefit this community and help three or more people find full-time work, we want to hear about it before September 29.

So does the rest of the family.

HELP WANTED BEFORE SEPTEMBER 29. CANADA'S EMPLOYMENT PLANS WON'T WORK WITHOUT YOU.
