Tar and chip road shoulders

Halton Hills is wasting time and money putting gravel on the shoulders of Cook Street and Cobblehill Road a resident councillors at Friday's drop-in.

Laura auggested municipality would be wiser to tar and chip the shoulders of the streets which don't have curbs and gutters.

Paving is crumbling at the edges of both streets so the town has put down gravel on the shoulders many times over the years, once just recently

Mrs. Dittrich says the gravel slides away and is scattered all over by cars and pedestrians. The gravel always winds up being washed down Cobblehill.

She noted this problem has been solved on another area street, Victoria. where

shoulders have been tarred and chipped. Not only is there the gravel mess in the area, but culverts get squashed and this causes drainage

problems in the Cook-Cobblehill vicinity. Councillors Grubbe and Knechtel observed the area needs to be reconstructed with storm sewers, curbs and gutters. Also councillor Ed Wood has already asked for an engineering and cost report on reconstruction of both Cob-

blehill and Cook. The suggestion of tar and chip

shoulders for both streets

will be referred to the

engineer.

Acton study

Hirling a consultant to do the Acton Urban Area Review Study has been approved by Regional Council.

Council has given the Halton Hills Urban Area Review Steering Group

ing firms and then allow that firm to start on the first phase of the study. The costs are to be shared between the Town of Halton Hills and the Region, with final cost sharing to be worked out to the satisfaction of the

Save Your Lungs Day

Acton High School is hosting a Save Your Lungs Day on November 28. Public Health Nurse Ann-Marie Bilen said there will be a speaker from the Halton Lung Association, Joyce Armor, who will address students on the subject of smoking. The session is open to the public and, Nurse Bilen says if there is enough community interest there could be a smokers withdrawal clinic later on.
