Enjoy trip to Collingwood

by Trina Noel

On October 16 we chartered a bus from Tyler Transport for our trip to Collingwood. Although it was raining here, by the time we got there the sun was showing and the weather was fair.

We went to Blue Mountain Pottery, visited the candy factory, had lunch at the Highwayman Inn and went shopping at Woolworth's and other stores.

We all enjoyed our day out, especially me. It was my first time going to Collingwood. The

scenery was very beautiful.

We had a really good turn out for our meeting of October 23, which was in the form of a Halloween night. Our guests were the Fergus Happy Handicap Club. Scramble word games and card games were played with prizes given to lucky winners. Two door prizes were won by Cora Douglas of Fergus and Bud Tost of Georgetown. Prizes were also given to our president, Ruth Courtney, who was dressed as a clown. Shir-

ley Krantz a witch, and Audrey McLean a lumberjack.

To close the evening a delicious lunch was served by some volunteers and we all thanked them for the help.

Our next meeting will be on November 25 at M.Z. Bennett school and we are still hoping to see new faces. By the way we welcome our newest member Mrs. Doreen Robinson from Georgetown.

We still collect cash register tapes from Zehrs and Dominion Stores for a free wheelchair.

TO SMOKE OR NOT TO SMOKE.

There's a good chance that you've been giving some serious thought to smoking.

The question is, what are you going to do about it? If you've never smoked, or if you've quit smoking, we're not urging you to start.

But if you're a smoker who's not ready to give up the enjoyment you get from smoking, we'd like to call your attention to Vantage.

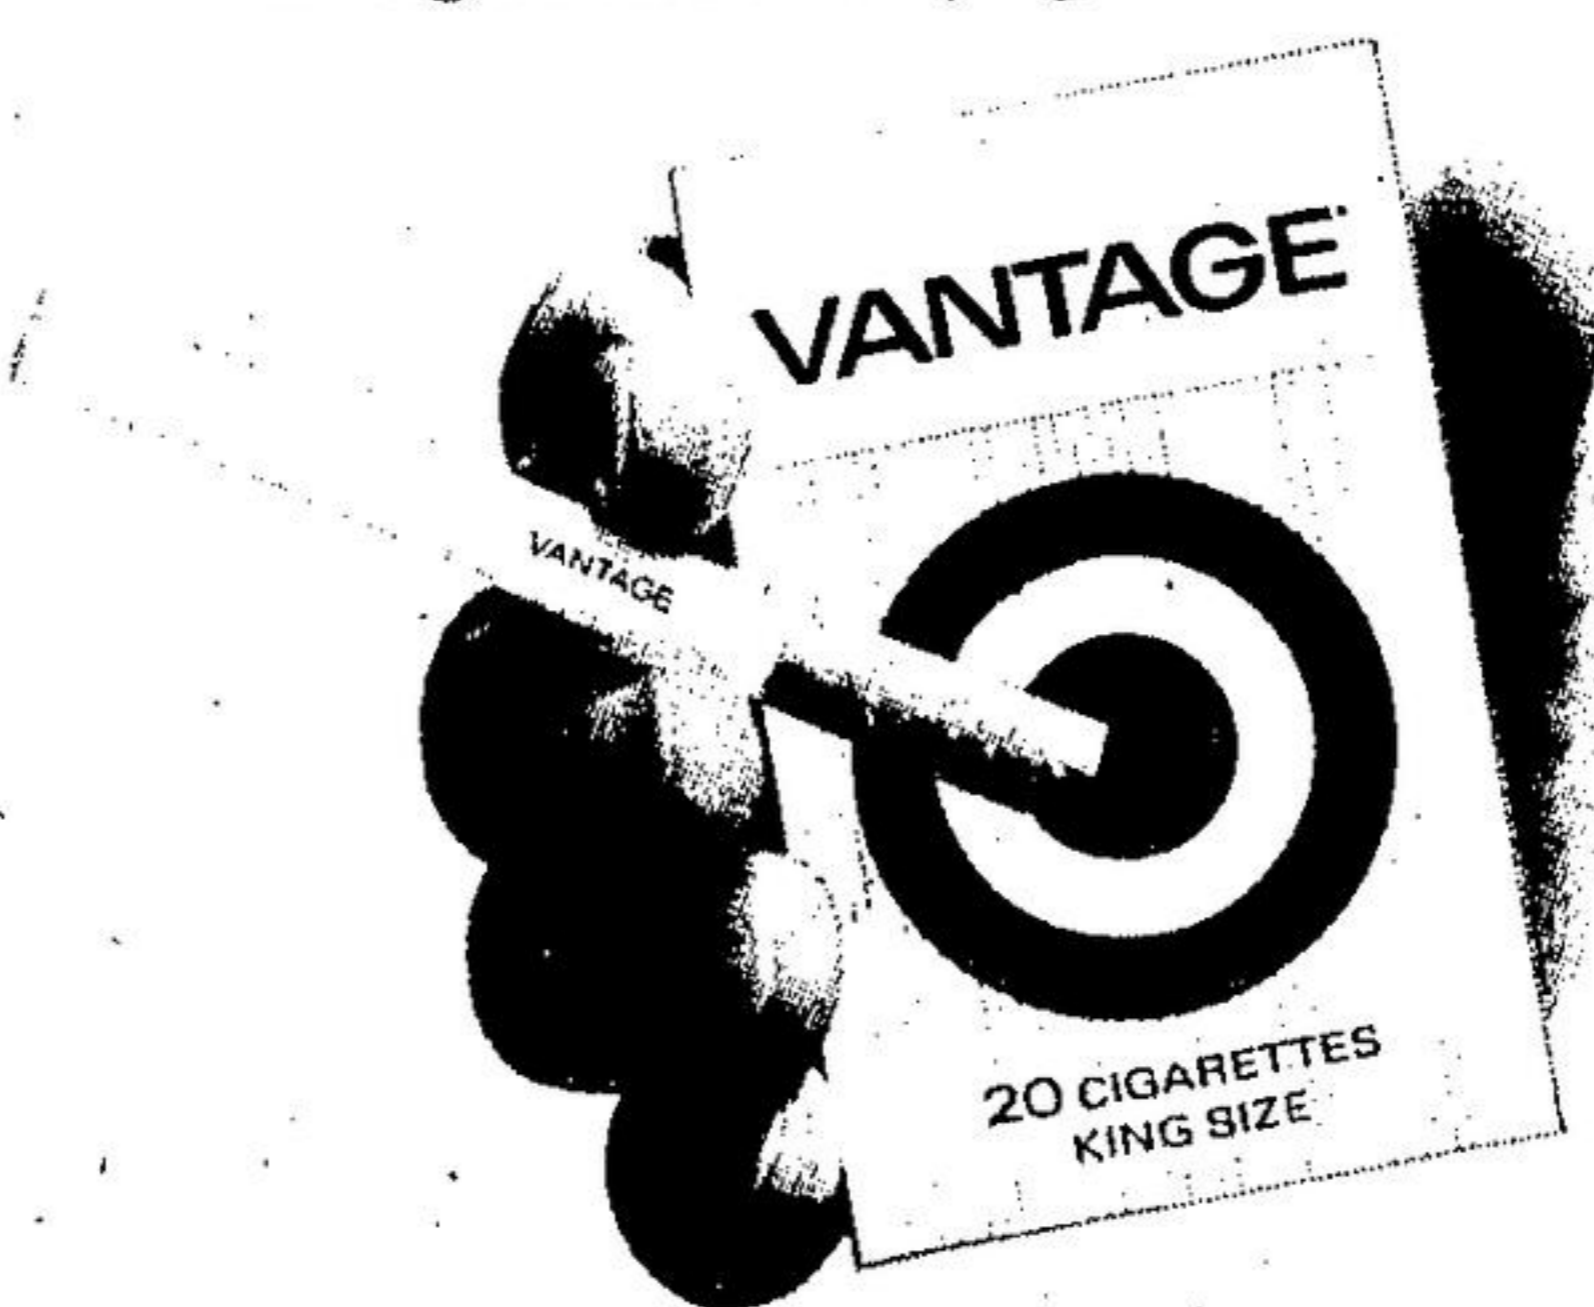

Vantage is the cigarette for people who may have had second thoughts about smoking and are looking for a way to do something about it.

Vantage cuts down substantially on what you may not want, without cutting out that satisfying tobacco flavour you've come to appreciate.

Now Vantage isn't the only cigarette of its kind you can smoke, but it may well be the only one you'll enjoy.

To put it simply, Vantage still tastes like a cigarette.

Vantage. That is the answer.

Warning: Health and Welfare Canada advises that danger to health increases with amount smoked—avoid inhaling. 11 mg. "tar" 0.8 mg. nicotine.
