Favourite Tools

In this flyer are my 3 favourite hand tools. Each of these tools are being featured at a very special price and should certainly be among your assortment of tools. The combination square, vise-grip pilers and the retractable utility knife are my favourites because each tool has so many varied uses. Here are at least 8 uses for each tool.

The combination square may be used for 1 checking the plumbness of a surface 2 check a surface level 3 as a straight edge 4 outside trysquare 5 inside try-square 6 as a marking gauge 7 as a depth gauge 8 and as a mitre square.

The vise-grip pilers may be used 1 as a wire cutter 2 as a pipe wrench 3 as a clamp for wood 4 to pull headless nails 5 as powerful pliers 6 for safer grinding 7 for extra leverage on a screwdriver 8 as an emergency handle for a fry pan etc.
