season for adults.

But there is no extra charge for tournament bookings if the league is a regular year and has paid fees for the season.

Tom Shepard, head of the Rees said there is money in the budget to improve the blockhouse and add a diamond. But finding a place to put a diamond has been a problem. One won't fit behind the Curling Club and the Fall Fair tends to destroy diamonds in Prospect Park.

So he said, they would attempt to get permission from the school board to squeeze in another facility on school property. He said they would have to lease land, because there's no money to buy.

The town will continue to maintain diamonds as last year.

# Come on people help Johnson keep the promise

**Teamwork keeps Ontario growing**

JACK JOHNSON PREMIER BILL DAVIS

Good government means teamwork, and teamwork of the highest order, to look to the future, to focus our energies, to plan and to build. I've personally never been prouder of the men and women who now offer themselves to public life, as candidates for the party I lead and, given your support, as members of a new PC government.

Jack Johnson's deep commitment to the rural communities of Ontario and his service in municipal government, including 2 years as mayor of Mount Forest, has made him a valued member of the Ontario Legislature. With your support, Jack will continue the tradition of strong representation for the people of Wellington-Dufferin-Peel at Queen's Park.

Ontario will need a strong team to grow through the eighties.

It's my great privilege to lead such a team, men and women with a first-hand knowledge of this province, a keen sense of community, and a shared commitment to all the things that become possible when people work together. On March 19th, we are seeking your support. Together we can keep the promise of Ontario.

*Bill Davis*

**Johnson keeps producing**

**PETTY TRESPASS BILL**  
Johnson was instrumental in developing this legislation which encourages outdoor recreation while removing the fear of liability for the landowner.

**FOREIGN OWNERSHIP OF FARMLAND**  
Johnson seconded a private members bill which requires foreign owners to register purchases of farm land.

**AIDS HANDICAPPED**  
Johnson's private members resolution passed unanimously by the Legislature allowed mentally retarded adults to ride on school buses when feasible to attend their training classes.

**ONTARIO FARM VACATION PROGRAM**  
Tourism and agriculture; a new concept to utilize the full potential of our rural Ontario natural resource continues to be a major priority of Johnson.

**TILE DRAINAGE**  
Johnson tabled a resolution in the Legislature which would accelerate the tile drainage program thus leading to more productive farms.

**Johnson speaking from experience:**  
Jack Johnson is able to draw on years of experience in small business, service club work, school board representation and municipal council to help solve the problems of the riding. He has been doing that well since 1975... you can help keep this proven performer working for you.

If you need assistance to vote at the Advance Polls March 12, 14, 16. Please call 843-5222 or Mount Forest 323-1597
