

Now, is the time to fertilize!

There are many good brands of lawn and garden fertilizer on the Canadian market, but over the last few years the trend has been toward Scotts Lawn and Garden Care products. This firm, through its complete and painstaking approach to the research and study of lawns and gardens, has made its fertilizers and seed the performance leader.

Scotts are so confident of their products that they offer a "No-Quibble Guarantee" - If for any reason you are not satisfied with the results after using the product, you are entitled to get your money back. Simply send us evidence of purchase and we will mail you a refund cheque promptly.
