## Weedfree Quality Top Soil

This is weed-free, best quality top soil for lawn seeding, flower beds, potting mix, vegetable gardens, etc. 5053-906-1

50 lb

**1.89**

Our reg. 2.49

Terra-Lite 5053-210-8

### Perlite

For root cuttings. Storing bulbs. Aerating soil.

**2.33**

1/2 Bushel

### Vermiculite

Helps stimulate better growth and arrest disease.

**1.58**

7 Litre Our reg. 1.95

### 4-12-8 GARDEN SPECIAL Fertilizer

Ideal for vegetables and lawns, flower beds, trees and shrubs.

**5.39**

10 kg. 5024-289-1

2-11-0

### Bone Meal

Finely ground, specially prepared for slow break-down in soil.

4.4 lb./ 2 kg. 5025-607-16

8.8 lb./ 4 kg. 5025-616-8

**2.99**  
**4.99**

Since grasses cannot grow properly on the small amount of nutrients found in the soil, it is necessary to reinforce the plant's diet with regular amounts of fertilizer. The three most important nutrients as listed on the bags are:

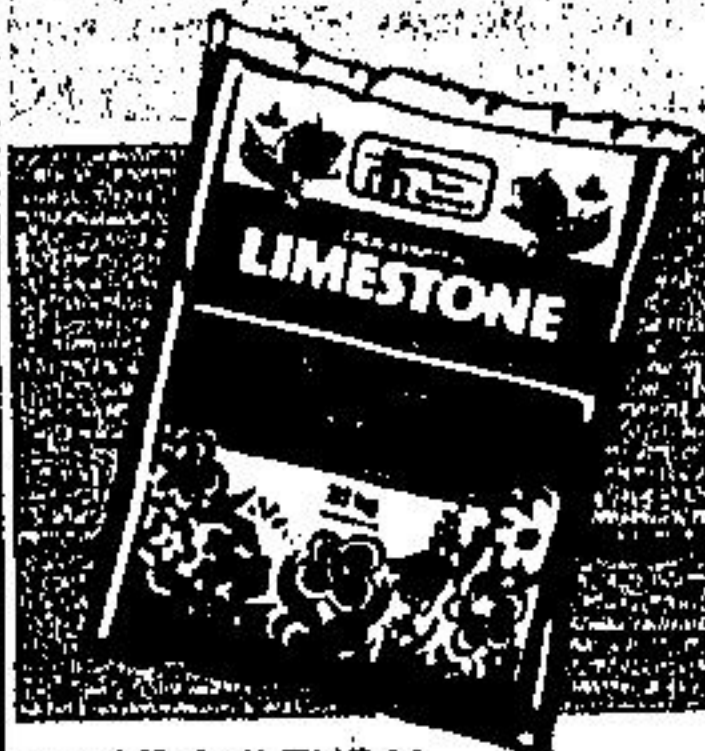

nitrogen, phosphorus and potash.

Nitrogen gives a dark green colour to grass. It improves the quality and density of turf. There are 3 types of nitrogen. Inorganic, containing ammonia, gives a quick greening but its effect is short lived. Lower-priced fertilizers, made up of natural organics, (found in decaying matter, sewage, manure, blood and bone meal) have a slow release. Synthetic organics (urea formaldehyde) are added to Scott's nitrogen to give it its longlasting quality.

Phosphorus promotes the early development of plants and hastens root growth. As only a small amount can be absorbed it is really wasteful to use a larger amount.

Potash aids the overall health and hardness of the turf. It is absorbed rapidly. A quantity greater than 3% is not harmful but gives no added benefit.

**HORTICULTURAL Limestone Soil Sweetener**  
Neutralizes acidity, promotes soil bacteria. 5025-849-1

**2.49**

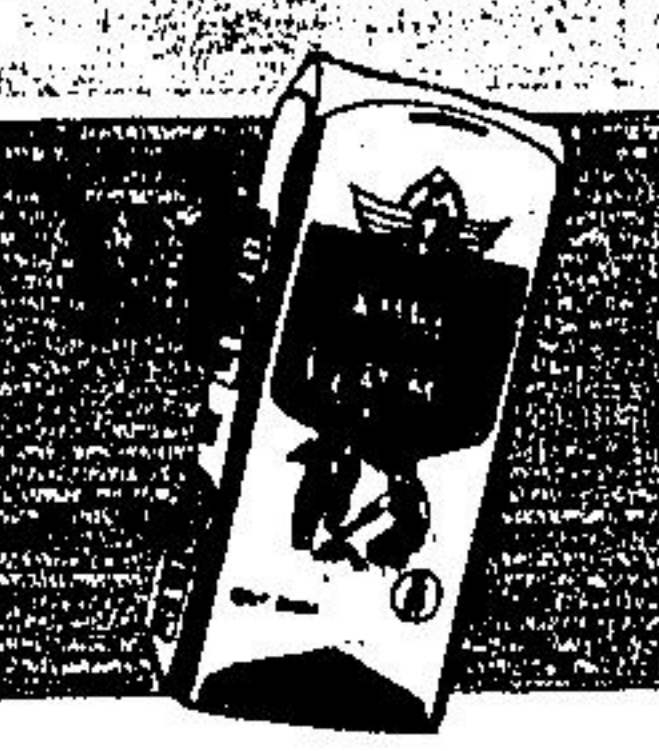

20 kg Our reg. 2.98

**Beauty-Treat Potting Soil**  
Home Hardware's own brand, special mixture, all-purpose potting soil. 5053-588-1

**1.49**

18 Litre Our reg. 1.98

**Peat Moss**  
Six sizes to choose from. A top quality product, helps hold moisture. 5053-149-1

**6.97**

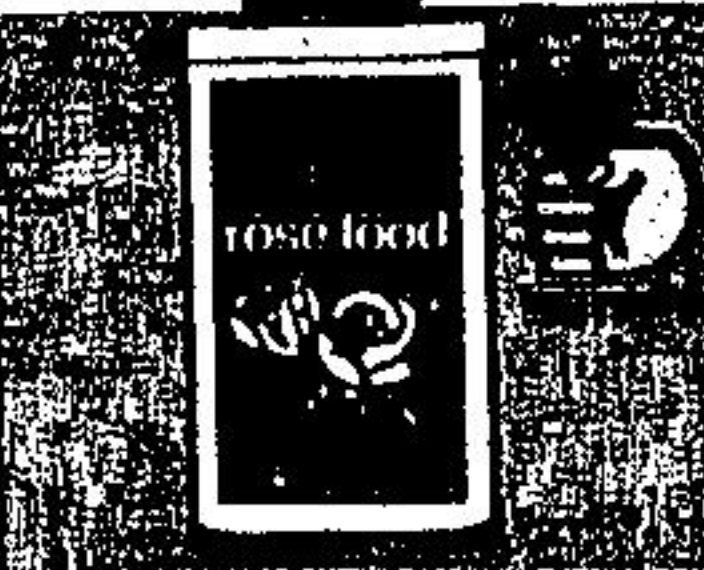

4 cubic ft.

**6-9-17 Tomato Food**  
Application: Before planting and when fruit on first cluster is 2.5 cm (1 inch) in diameter.

**2.89**

2 kg

**6-6-7 Rose Food**  
Application: Early spring when soil mound is removed. Side-dress after the first flush of blooms.

**2.89**

2 kg

**14-7-14 Tree Food**  
A complete organic base fertilizer for trees, fruit trees, shrubs, and evergreens.

**2.89**

2 kg

**Hillview 1.5-1.0-2.0 Cow Manure**  
Natural, organic fertilizer. 5025-689-50

**3.58**

20 kg Our reg. 4.59

**Hillview Natural Sheep Manure**  
Natural, organic dried. 5025-741-50

**3.58**

20 kg Our reg. 4.59
