"Scarecrow"

We are pleased to represent Trisha Romance in the Guelph area. A good indication that this local artist is becoming a valuable addition to the Canadian art scene is the response her work is receiving from an increasing number of art enthusiasts across the country and in the U.S.

Trisha's work is framed and on display beside some other top names in the art world including Robert Bateman, Paul Calle, Guillaume Azoulay, Salvador Dali, Victor Vasarely, John Esler, and Paula Crane.
