WRIST RACERS

**WRIST RACERS™**  
 Incredible action and excitement with "Wrist Racers." Wear 'em like a watch... play 'em on the floor... It's funtime, anytime. Anywhere you go. A see-through plastic dome secured to a wrist band houses one of three "hot" action sports cars.  
 To race: Wind motor to full power stage. Pull out secret launch ramp and set on flat surface for smoothest, fastest ride. Push the two-stage launch button halfway in; clear dome lifts to start position. Push in fully and watch the gleaming metallized car blast off down the ramp and away.
