# Girls' teams show promise in rural soccer league

by Carol Saxon

Acton's four entries in the Halton Rural girls' soccer league, plus their one ladies' team having been putting in some solid and entertaining games this season. Teams in the league are from Georgetown, Bolton, Pineview, Milton and Hillsburg as well as Acton.

Acton's four teams are in the atom, mosquito, peewee and bantam (Foxes) divisions.

The atoms, coached by Jean Martin, are showing progress since the beginning of the season, and with a little more experience, should be on their way up the league ladder.

As well the mosquitos, coached by Carol Saxon and Linda Kilpatrick, have made tremendous progress since their first game. They picked up a 3-2 win over Milton and a 1-0 shutout over Hillsburg in their last two games.

Pamela Stewart, Christine Timmerman and Nancy Norton scored

# Acton goals were scored by Nancy Vertisee who booted two and Barbara Wright. The ladies, are gaining a reputation for excellence.

for Acton in their conquest over Milton. Timmerman scored against Hillsburg. Stewart and Karen VanderWal split the goalkeeping tasks.

The peewees, coached by Sue Mutch and Laurie Biffis, have an exceptionally strong team this, their first year and should do well in the league.

The Acton Foxes, in their sophomore year, have been having an up and down season so far, due to lack of players. But that problem has been solved, so the team stand a good chance of making the playoffs again this year.

And finally the Acton Ladies started off their first season with a 3-0 win over Georgetown Ladies in recreational play.
