Garden Care

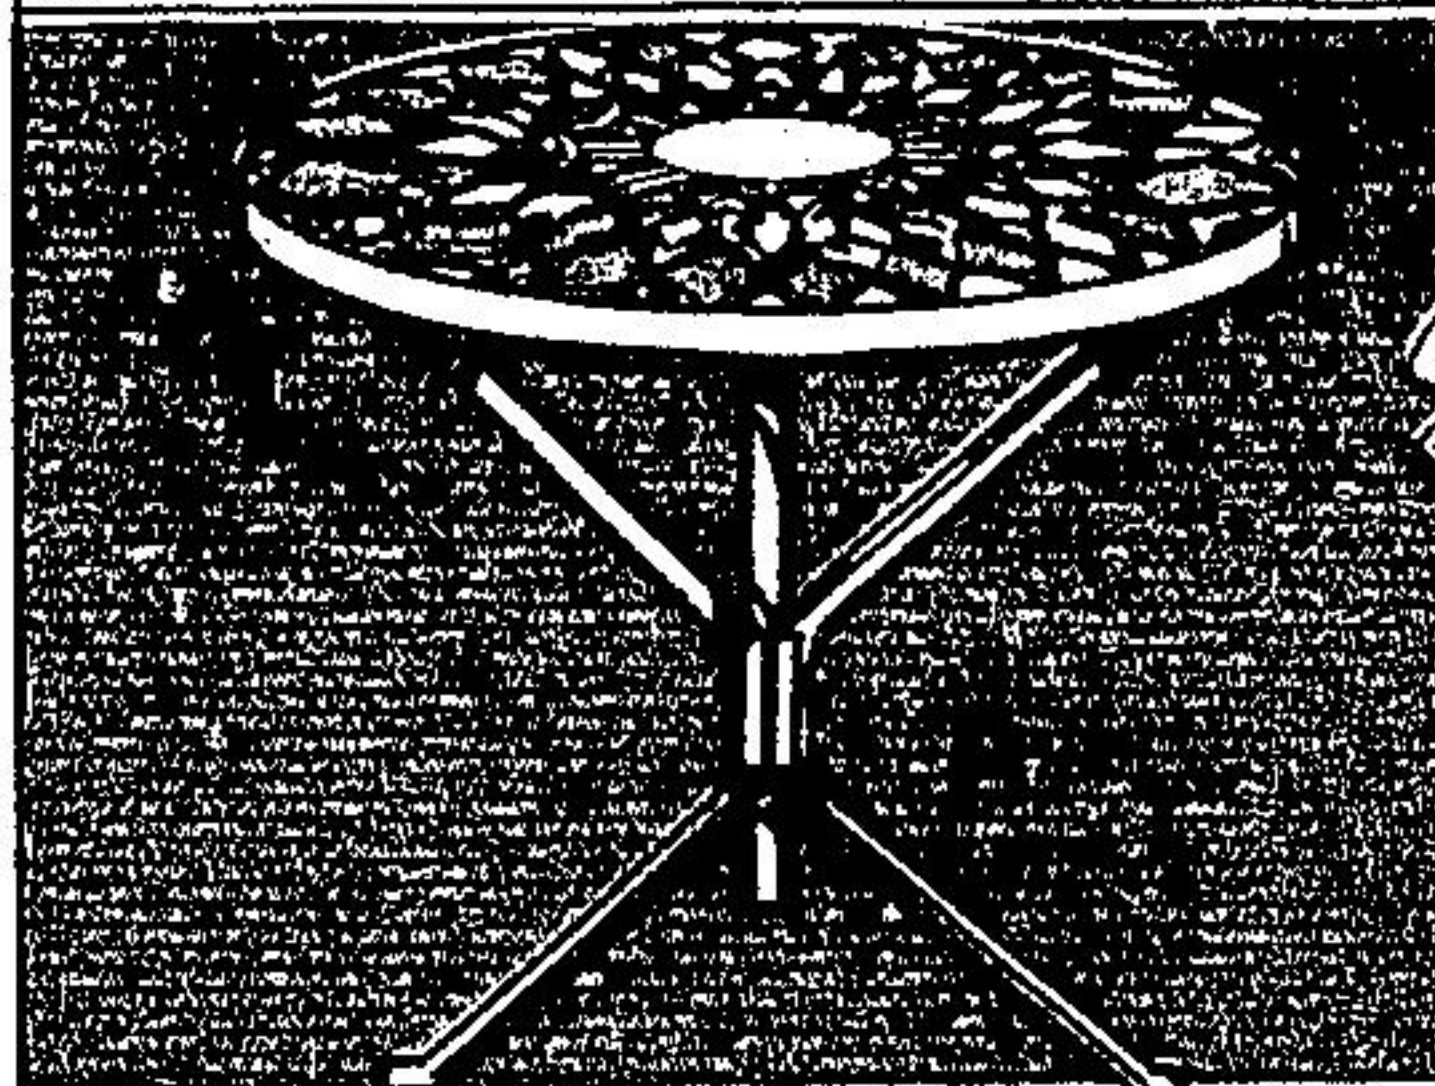

The Hose of the Future Today - Ultra Hose

The full line of light, tough, compact garden hose

makes it entirely unnecessary to continue to struggle with heavy, kinky, awkward old-fashioned garden hoses.

This value-packed 5/8" inside diameter green Ultra Hose is available in 50' lengths. Its non-toxic polyurethane inner liner is permanently bonded to an outer casing of tough, tightly woven poly-cotton. It has full 5/8" diameter solid couplings. A 50' length takes up a space of only 1"x 8"x 10" and weighs only 1 1/2 lbs.
