Vapona Insecticide No-Pest Strip

For almost 20 years this well-known Shell product has been safely killing flies and mosquitoes indoors for as long as four months.

It can be used in enclosed spaces such as animal and farm buildings, milk rooms, homes, cottages, cabins, trailers, attics, basements, garage storage areas and containers, kennels, motels, restaurants, food processing plants, industrial and commercial locations.

The Vapona package contains one resin vaporizer strip impregnated with an insecticide in a sealed pouch to prevent vapour loss. For use, remove the strip from the pouch and suspend in an enclosed space of up to 1000 cubic feet. When the cage is opened, the strip gives off an almost odourless insecticidal vapour which controls
