Home of the Handyman

cont'd from page 4

flies, mosquitoes and other small flying insects for up to four months. It does not repel or kill insects instantly nor will it function when its cage is closed. Its efficiency is reduced if it is hung too close to open doors or windows. Strips should be at least ten feet apart. Always dispose of the used strip in the garbage.

If you want the feeling of a refreshing summer breeze, an Electrohome oscillating Fan is for you. They are available in 3 blade sizes: 9", 12" and 16". The 9" fan is featured in this tabloid at a very special price.

Each fan has a deluxe chrome guard and an attractively styled base with easy-to-use multi-speed controls. The smallest fan has 2 speeds while the larger fans have 3 speeds. All fans can be easily switched from straight blow to an oscillating breeze.
