GARDEN CENTRE - HIGHWAY NO. 24 ERIN ONE STOP SHOPPING FOR ALL YOUR GARDENING NEEDS!

That all depends on how you go. A taxi would take you about 2.2 kilometers. Your own car would get you about 11 kilometers. And once you got that far, you'd probably have to pay for parking.

GO Transit will take you 43 kilometers, in comfort, for \$2.25. Of course, if your trip is shorter, it'll cost you even less. That price includes the fare increase effective July 1. Our fuel costs have risen 54% since the last fare increase, and are expected to rise further in 1981.

Government subsidy keeps your portion of the cost lower than it would otherwise be. By comparison GO Transit is still, the best way to GO.
