JUMPING JUNGLE PIN BALL

Ages: 3 to 7
This preschool pinball game really is a lot like real pinball. You get 6 balls per game. Use the flippers to send the ball into the Jumping Jungle, every time you hit a monkey bumper, you send him climbing up the palm tree.
You get 5 points to start with, and lose a point, if you miss a monkey. The automatic scorer keeps track of it all for you.
When the monkeys do make it to the top of the tree, bells ring, wheels spin and all kids are sure to have a Jumping Jungle good time.
