Insulating Home Savers

America's No. 1 Air Sorce - The Good-Air CA 190 Ecologizer continuously removes tobacco smoke, odors, dust and pollen from indoor air. This air treatment appliance has a unique filtering system that contains CA 190, a patented natural citrus derivative with powerful deodorizing qualities, plus a activated charcoal.

CA 190 Replacement Filters are available for this, the best recirculating air cleaner - deodorizer on the market.

Unival aluminum compatible Antifreeze/Coolant **Why its so important to your car?**

Dow Chemical of Canada Ltd, Canada's largest manufacturer of antifreeze/coolant makes Home Hardware's Unival product. Their antifreeze coolants are used in over 60% of all new vehicles manufactured in Canada.

Using antifreeze/coolant and maintaining it properly is essential for your car's engine to run at peak efficiency. Skyrocketing prices make fuel efficiency and the need to avoid costly engine repairs more important than ever before.

Unival Antifreeze/Coolant helps prevent freeze-up and overheating. More important it inhibits corrosion, including rust formation in the engine and "pitting" which can eventually eat holes in essential engine components such as the water pump, radiator and cylinder head.

Overall, antifreeze/coolant can increase engine performance and lessen engine wear. But, to run smoothly year around your car needs it year round. It should be checked every Fall and Spring, topped up when fluid level is low and changed regularly - at least every two years.

Extra - Heat a heat saver and lint trap for Electric (not gas) clothes dryers. During the winter months Extra-Heat deflects heat and humidity into the home that has formerly been wasted.

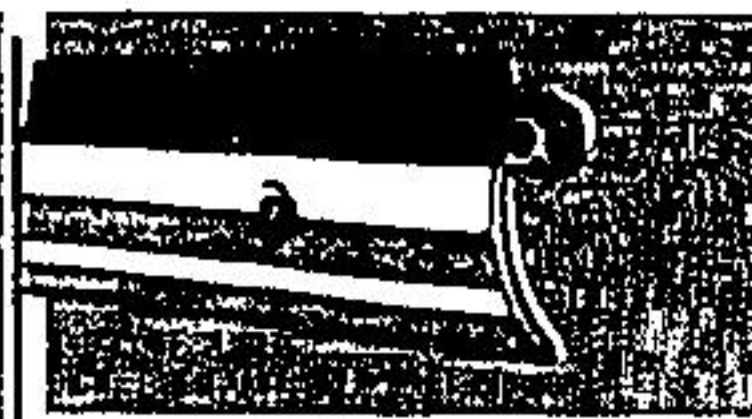

Eskimo Storm Seal Waterproof Adhesive Tape
EXTERIOR-INTERIOR
Sticks to wood, glass.
Removes easily. 7/8"x 75'.
