

**Golden Agers**

**Elect new executive**

by Edith Frankland  
The meeting of the Golden Age Club was held in the Luxton Hall on October 16.  
The evening opened with a Pot Luck supper and the minutes and correspondence were read by the secretary who moved the adoption and was seconded by Willa Morrison and carried.  
The transportation convener, Laura Dennis, spoke on the next bus trip, via Burlington, to Toledo in November.  
The Birthday song was sung to Leslie Graham and Alice Pennington. The Roll Call was given by the treasurer, Eileen Dix, a Y representative, expl-

ained their plans for a drop-in centre, and also a possibility of a ceramics class. The drop-in for seniors is on Wednesday and Fridays, 10 a.m. to 4 p.m.  
It was moved by Anne Berry and seconded by Mae Fountain that the new executive take office at our next meeting on November 3. Bingo was enjoyed after the elections; the winners being Willa Morrison, Helen Waterhouse, Lula Sinclair, Irene Terry, Louise Lindsay, Anne Berry, Mae Fountain and Yvonne Hamilton.  
The following are the officers for 1981-82: past-president Harry Besley; president Leslie Graham; first vice-president Isabel McDonald;

second vice-president Wilfred McEachern; secretary Edith Frankland; assistant secretary Theresa Matheson; treasurer Jean Jackson; assistant treasurer Jean McLean; pianist Jean McLean; Assistant pianist Edna Besley; card convener Irene Terry; assistant card convener Agnes Holmes; social Emma McIntyre; kitchen administrator Anne Berry; Program Edna Besley, Gladys Davidson, Edith Watkins, Bert Davidson. Transportation Isabel McDonald, Irene Terry, Greta Perkins, Kay Alger. Auditors Jane Gamble, Vera Inglis. Euchre Mae Fountain, Freda Lambert.

**AHS Outers canoe at Algonquin**

On Friday October 9, 17 members of the Acton High School Outers Club left for a five day canoe trip in Algonquin Park.  
The group included 15 students ranging from grade 9-13 and two Acton High teachers, Paul Tamblin and Tom Birss.  
The Thanksgiving trip started with a two-and-a-half hour paddle through Lake Opeongo. They reached camp in time for supper before the sun went down. Saturday morning came around with a few snores and quiet loons breaking the stillness of the morning mist. What we thought

was going to be a cold snowy few days turned out to be our promised Indian Summer, nothing but blue skies.  
All 17 Outers gradually packed, with the odd one even venturing in for a "quick" swim.  
Although they were miles away from Thanksgiving celebrations at home, they managed their own celebration in the woods that night. Each food group

consisting of four or five people, brought something to complete the meal, for instance one group brought turkey, another carrots and gravy.  
After completing their "extraordinary" turkey dinner they enjoyed an evening's entertainment. The Outers didn't watch television or go to a movie, instead they had each food group perform a skit on something

similar.  
For some, this trip was merely a nice break from the daily school routine. For others it was one of those special times when, again, they had the chance to become a part of nature. Sleeping against some of the tallest white pine trees in Ontario seemed like an easy way to accomplish this.  
The nights were still and quiet, while every-

one sat around the campfire telling stories and jokes.  
Even though the Outers were miles away from the comforts of a warm bed and a hot meal, they were still among some very warm people who were always there to give comfort under the pressure of a 500 pound canoe or encouragement to the novice canoeists.

**Council endorses flood risk study**

Halton Hills Planning Board is in agreement with a study program from the Credit Valley Conservation Authority with respect to the terms of the "Agreement Respecting Flood Risk Mapping and Other Flood Damage Reduction Measures in the Province of Ontario."  
Monday evening the board had no comment regarding the study which identifies flood areas in the watershed, and establishes priorities for flood proofing measures and methods of implementation.  
The study will be 90 per cent funded by federal and provincial grants, as will projects as a result from the study. It is expected the study will take 12 to 15 months to complete.

THE MANAGEMENT OF ENERGY IN CANADA. ONE OF A SERIES.

# STARTING NOVEMBER 1, 1981

## CGSB-LISTED CONTRACTORS ARE REQUIRED FOR 'CHIP'

**LOOK FOR THE CGSB SYMBOL BEFORE YOU HIRE AN INSULATION CONTRACTOR**

The vast majority of insulation firms are both capable and honest. But there have been cases of poor workmanship and even outright fraud.

To help ensure good value for your insulation dollar, the Canadian General Standards Board has established a national certification program for residential insulation contractors. The contractors listed in the CGSB program certify to their clients that their quality of insulation workmanship meets the CGSB standard.

Only those contractors listed in the CGSB certification program are authorized to use the CGSB symbol.

**USING A CONTRACTOR FOR CHIP? CGSB IS A MUST.**

CHIP (the Canadian Home Insulation Program) offers taxable grants of up to \$500 to make your home better insulated and more airtight—if your house was built before January 1, 1961—whether you own or rent.

After November 1, 1981, if you intend to apply for CHIP and have a contractor install the materials, you must use a contractor who is listed with the CGSB program. You won't be eligible for a grant otherwise.

If you prefer to do it yourself and use CHIP only to assist with buying materials, that's fine. But remember, you must install the materials before applying for a CHIP grant.

**CHOOSE YOUR CONTRACTOR CAREFULLY**

The new CGSB certification program will do much to reduce the problem of poor quality work by insulation contractors, but don't stop there. You should further protect yourself in these ways:

1. Plan your home's energy savings by filling in the free EnerSave "Energy Analysis" questionnaire. Call the EnerSave Helpline toll-free for your copy.  
Call toll free 1-800-267-9563. Ontario/Hull residents call 995-1801.
2. Ask friends or neighbours to recommend a contractor.
3. Verify the contractor's CGSB listing number with your CHIP office. Check the company's record with the Better Business Bureau or your provincial Consumer Affairs office.
4. Watch out for high-pressure sales techniques.
5. Compare costs. Get three estimates in writing which locate and specify the size of the area to be insulated, give the type of materials to be used and list their RSI (or R) value. (RSI is the new metric rating for insulation).
6. Check your contractor for details such as CGSB listing number, the estimate of your home's existing RSI (or R) value, the RSI (or R) value of insulation to be added, and the recommended RSI (or R) value for your area.
7. Monitor the job. If possible, stay home while the work is being done. Don't be shy about asking the contractor questions.
8. Never sign a blank or partly filled-in contract or CHIP application form. It takes planning and comparison shopping to find good value for your insulation dollar. But it's in your best interest to do it right from the start. Get in touch with your CHIP office in Toronto to find out whether your home is eligible and how to apply.
