Your family will gobble up these leftover turkey entrees

The three keys to holiday entertaining are good food, good company and a good looking table.

Turkey has traditionally been the focus of the holiday table. And, its popularity is growing. According to Wayne Evans of the National Turkey Foundation, over 663 million pounds of turkey were consumed during last year's holiday season. That's 36 million turkeys!

One dish does double duty.

A good looking table is easier than it may seem. One dish

which can be used for cooking in the kitchen and serving on the table is particularly helpful. Glass ovenware falls into this category.

"The beauty of our Amber Cuisine™ Entrees™," says Amy Hamilton, consumer affairs expert for Anchor Hocking Corporation, "is that they are both attractive and practical."

"They are ideal for cooking, they look great on the holiday table and they can be used for storing and reheating leftovers too."

WITH 663 MILLION POUNDS OF TURKEY consumed last holiday season, you can bet there were a lot of leftovers. This year, leftover turkey recipes are made easy in Amber Cuisine™ Entrees™ from Anchor Hocking. The same dish that goes in the oven looks great on the table.
