Tennis Sidelines

by Vic Morris
According to the calendar, spring is here and as soon as the snow disappears many of us will be thinking of dusting off the racquets and heading for the courts to start another season.

First the good news. Tuesday, April 6 saw the Acton Club's annual elections and general meeting. The new executive is as follows: President Don Gregg; Vice-President Bob Koopmans; Treasurer Bob Bruce; Social Convener Margot

Bollett; Publicity Vic Morris; Equipment Harold Saville; Senior Tournaments Bob Koopmans; Membership Eileen Saville; Inter-County Team Captain (mixed) Mike Morris; Inter-County Team Captain (ladies) Marla Gregg; Junior Inter-County John Kavanagh; Junior Club Tournaments Else Veldman.

Thanks to their excellent showing last season, the mixed inter-county team move up to the 'B' division.

Now the not-so-good news. With the Parks and Recreation Department leaning on the club rather heavily financially, the future of the club is dependent on discussions going on between the two parties. Hopefully this will be resolved and there will shortly be an ad in the Free Press regarding membership registration. All being well, I also hope to keep you informed of match results and any interesting happenings during the coming season.

Soccer still needs some more players

by Tony Saxon
After three registrations for the Acton Soccer Club there are five squirt, one Mosquito, one Pee Wee and one Bantam team. Needless to say more players are needed, especially in the Bantam and Pee Wee age groups, to help make this season a success. People wishing to register can do so at McKenzie-Smith gymnasium on Saturdays from 1 p.m. until 3 p.m.

The club still needs volunteers to help in lining soccer fields, coaching (especially the Bantam team) and people to act as team managers and conveners. Anyone interested can call Barry Bartlett at 853-3875, or Carole Saxon at 853-3872.

Soccer conditioning is still being held at McKenzie-Smith gym on Saturdays 1 p.m.-2 p.m. for Squirts, 2

p.m.-3 p.m. for Atoms, and 3 p.m.-5 p.m. for Mosquitos. Pee Wees are on Sunday from 10.30 a.m.-12.00 noon. Mosquito girls are at Robert Little gym on Tuesday from 8 p.m.-9 p.m. and Bantam girls and Pee Wees are from 9 p.m.-10 p.m. also at Robert Little.

For referees who attended the referees' clinic in Milton the final part of the clinic is this Sunday, April 18 from 10 a.m. until 5 p.m.

The girls registration has been doing really well. The Squirt, Bantam, and Ladies divisions are almost full, but players are still needed for the Atoms, Pee Wees and Mosquito divisions. These registrations will also be taken at McKenzie-Smith gym on Saturdays and Robert Little gym on Tuesdays. Any girls who would like to order a girls' soccer jacket should call Carole Saxon for information.

HOW TO SELECT A REPLACEMENT WINDOW

Ease-of-Installation

The Woodoor R-800 replacement window is designed to fit right into your existing window frame. No need to knock holes in your walls or make windows smaller. Each Woodoor R-800 is custom built to your sizes so they match your needs for your home.

Your contractor can install R-800 replacement windows in a matter of hours, you could even do it yourself!

Energy Efficient

Most manufacturers offer double or triple glazing as features to their replacement windows. However, there's more to an energy-efficient window than the glass itself.

Woodoor R-800's are constructed of non-conducting, rugged white vinyl that stays warm to the touch on even the coldest days.

And to make our windows even more energy-efficient, each

window is completely weatherstripped to seal out drafts and cold.

Look for the energy saving features of the Woodoor R-800 when selecting your replacement windows.

Easy-to-Clean

Twice a year most Canadians get out their ladders to start cleaning their windows.

With the Woodoor R-800 you can put your ladder away. Our windows can be cleaned from the safety and comfort of the inside of your home.

Our double-hung windows tilt in to make cleaning both surfaces a breeze.

And our sliders are just as easy-to-clean from the inside with the removable sash.

Look to the Woodoor R-800 when selecting replacement windows that are easy-to-clean.

Never Needs Painting

Woodoor R-800's are con-

structed of tough, rugged white vinyl that never needs painting. They don't crack, peel or chip and will stay new looking for years to come. Look to Woodoor R-800 when selecting replacement windows that never, never need painting.

Warranty
Woodoor R-800 replacement windows are guaranteed to be free of defects in material and workmanship and our insulating glass is also fully warranted.

Woodoor is a division of Dashwood Industries Limited of Centralia, Ontario, Canada's largest window manufacturer supplying quality windows and doors to Canadian homes for 54 years.

Look to Woodoor R-800 for replacement windows that are guaranteed to stand the test of time.

TANNING HINTS

How to take a quicker, faster tan!

Remember last summer, and how embarrassing it felt in your "white as a sheet" look as you timidly headed out toward the pool? And do you recall the stares you attracted during your first visit to the beach?

Admittedly, it's quite difficult to not stand out when everybody else around you has a tan.

Well, it's now possible to do away with those recurrences thanks to the magic tanning method of OROBRONZE. Within only a few years, this special way of tanning has already been adopted by over one million people. OROBRONZE allows you to be first, among your friends with a healthy "summerlike tan".

OROBRONZE is an easy way of succeeding. Its simple method consists of taking Canthaxanthine capsules over a predetermined time period. Daily dosage varies according to weight. Satisfactory results depend on carefully following directions provided on each box.

NATURAL COLORANT
The OROBRONZE tanning method usually begins to show its effect between the 15th and 20th day, especially on exposed areas of the body. You'll be able to denote greater improvement after spending just a few hours in the sun.

Special precautions must be taken when sunbathing. Otherwise, you risk being afflicted with premature aging and wrinkling of the skin. For this reason alone, OROBRONZE provides you with a worthwhile benefit since it allows you to cut down on your sunbathing time. In other words, OROBRONZE is a much easier and faster way to a healthy "tan look". Give it a thought, summer's on its way!
