**First step taken in bid for stop sign**

A traffic survey will be conducted at the corner of Agnes and Frederick Streets to see if a stop sign is necessary. Betty Bousfield attended Halton Hills General Committee last Tuesday night to present a petition from 13 families on the street who favor the stop sign. She explained with the traffic going to the factories at the end of Frederick Street, driving in the area is difficult. A hidden driveway at the crest of a hill is also perilous for vehicles coming along the street. Mayor Peter Pomeroy asked the representative if she thought her neighbors would be satisfied with the traffic study. When she said yes, he made a recommendation for the study. Committee agreed.
